

Wranglers Plan Track Playing Field

LEBANON — Santiam Wranglers, Inc., Lebanon, is now selling stock to help finance the racing plant and community recreation project planned on the site one-half mile west of the city limits. It was announced this week.

Wrangler officers are Glenn Huston, president; Layton Loftin, secretary; and R. C. Reeves, treasurer.

Actual construction will start April 1 at the 96-acre tract between Oak and Tangent streets under the supervision of Fred Peterson, track superintendent at Portland's Bay Meadows race track.

Dallas Garden Show Planned

DALLAS — Mrs. Chester Cox of Salem was guest speaker at the Dallas Garden Club Thursday. Speaking on primroses, Mrs. Cox stated that the seed required intense cold to germinate. Seed can be scattered on a flat-topped ice tray and left for about two weeks. Another method is to place a piece of sandpaper on glass, scatter the seed on the sandpaper and rotate another piece of glass over it for about 30 rotations. Seed

treated thus will germinate quicker.

Mrs. John Tilner told of the flower garden at her country home. The garden is so planned that there are flowers blooming all through the growing season. One border contains 1,000 crocus.

During the business meeting Mrs. C. J. Enstad, Mrs. Howard Fleming and Mrs. Roy Livesay were named on the nominating committee. April 20 was set for the spring flower show. Mrs. Lynn McCully was appointed general chairman. The show will stress the part a garden club plays in any community from an educational standpoint and soil conservation.

Amity School Faculty Hired

AMITY—The faculty of Amity grade school have all been hired for the school year 1948-49 except Donna Miller, who resigned in order to finish her education at OCE.

Receiving contracts are Albert Yoder, principal; James McCoy, coach; Mima Gray Svea Menegat, Verda Crook, Effie Ellis, Marie Majors, Eleanor Veach and Delores Chapman.

The Junior Red Cross at Amity high school, under the direction of Miss Ruth Richter, assisted by Bernadette Pitts, Doris Newman, Helen Finnicum, Johnny Nauman, Johnny Davis and Arvey Nelson, has packed and sent over 24 boxes, each containing two pencils, writing pads, bar of soap, tooth brush and tooth paste, rubber ball, washcloth and toys.

Amity high school faculty members plan to attend the Yamhill County Teachers' association meeting in McMinnville March 24.

Whooping Cough Vaccine

First tested during an epidemic in the Faroe Islands in 1925, the Vaccine for immunization against Whooping Cough gave significant protection against contracting the disease. This experiment was conducted by Dr. Madsen, a Danish physician. Given to children over six months of age, the Vaccine offers protection against the disease and lessens its severity if contracted.
