

# Stassen Reiterates Demand to Outlaw Reds; Dewey Tags Food Weapon Against Communism

PENDLETON, Ore., May 12—(AP)—America's food production is the only realistic weapon against communism, Gov. Thomas E. Dewey said tonight.

"In our foreign relations we must use food as a positive force for peace," he said in an address delivered in this eastern Oregon cattle and wheat center.

As he spoke, his rival for Oregon's republican presidential preference—Harold E. Stassen—was across state in Portland initiating his final campaign drive before the May 21 election.

Food as a weapon for peace, Dewey said, "is certainly on a par with guns and ships and airplanes. So far as the average citizen abroad is concerned, it is ever so much more important."

"The battle against communism is going to be a long, tough one," he continued. "It is not going to be over in a few months or a few years. Communism has its best chance with people who are hungry, poorly clothed and ill-housed."

"We here in America may as well recognize this basic fact, and we may as well plan to use our food production against communism. No other course is realistic."

The governor's laryngitis and severe head cold continued both today and yesterday, but he planned no change in his schedule which is to carry him through Columbia river towns and a stop tomorrow night at Hood River.

## Cattle Thieves Operate in Salem

That's cattle thieves in these parts, partner. John P. Miller, 2230 Mission st., reported to city police Wednesday that a three-day-old Jersey bull calf was stolen from the yard of his home Tuesday afternoon.

Police, thinking the calf had wandered, searched the neighborhood thoroughly, but he was not to be found. "Cattle rustlers," the officers commented.

## Marine Unit Given Classification Tests

Members of Salem's marine corps reserve were given general classification tests in preparation for institution of the new reserve classification setup in a meeting at the Salem airport navy armory Wednesday night.

Softball equipment and uniforms were issued to team members who will compete in a city league this season. One new enlistee, James Lyle Wilson, Salem route 7, was inducted in the session.

## Billion Dollar Farm Bill on Senate Floor

WASHINGTON, May 12—(AP)—A bill carrying \$1,126,597,405 various federal agricultural programs during the next fiscal year reached the senate late today from its appropriations committee.

The measure carries \$580,270,278 in new cash or \$34,736,825 more than voted by the house. It is distinct from another measure approved by the senate agriculture committee to set up a permanent system of government supports for farm prices.

Outside the new cash from the treasury, the recommended funds include \$65,000,000 for the school lunch program, \$400,000,000 of loan authorization for the rural electrification administration and \$81,327,127 of so-called permanent appropriations.

The loan authority does not involve actual appropriation of money. The other items such as school lunches come from 30 per cent of the nation's customs receipts earmarked for the purpose.

The committee defeated 9 to 4 an attempt by Senator Russell (D-Ga.) to add \$75,000,000 to the \$225,000,000 fund voted by the house for the soil conservation payments to farmers cooperating with administration programs.

Despite the increase of more than \$34,000,000 from house figures, the senate committee said its new cash total still is \$56,000,000 or nearly 9 per cent below budget estimates and \$52,000,000 or 8 per cent less than actual appropriations for the present fiscal year.

Another major increase was \$15,000,000 for production and subsistence loans to farmers who are veterans.

## Solons Back Parity Plan

WASHINGTON, May 12—(AP)—A new permanent program for government support of farm prices was approved 8 to 0 by the senate agriculture committee today.

The committee thus jumped in ahead of President Truman who is planning a farm message to congress this week. Senator Aiken (R-Vt.), principal author of the bill, said he expects congress to pass it before the summer recess.

The bill is designed to provide for government support of the prices of basic agricultural commodities at 75 per cent of parity when there is a normal supply. The support price would range from 60 to 90 per cent of parity as the supply of any commodity varied from 130 to 70 per cent of normal.

## Ice Frolics to Stage 4-Night Run in Salem

The Ice Frolics of 1948, a Salem talent ice skating revue, will open a four - night run at the Salem ice arena Monday at 8 p. m.

More than 50 young Salem skaters will perform individual and group skating feats, including a 32-girl "outland march."

An outstanding participant will be Skater Dorothy Hill, a Woodburn High school student who recently signed a contract to join the troupe of the nationally recognized Ice-Capades. Immediately following the local show, Miss Hill will go to Atlantic City, N. J., to join the professional troupe which is in training for next season's revue. She recently took her tests for Ice-Capades at Chicago.

Sharon Heider, 13, daughter of Mr. and Mrs. E. F. Heider, will lead 20 junior skaters participating in an "old shoe" number, including a two-year-old skater, billed as Salem's youngest—Christine Cannon, daughter of Mr. and Mrs. Robert Cannon. She has been skating about four months.

A boys' skating group will stage a broom ball game which is a combination of soccer, basketball, baseball and ice hockey. A waltz will be skated - danced by Shirley Koutney and Katherine Beaulaurier, both students at St. Vincent's school.

Other show features will include: high stilt skating by Dean LaPoint, show producer and son of Mr. and Mrs. A. J. LaPoint who operate the arena; barrel jumps by Larry VanVleck, Salem High school student; skate - dance by LaPoint and Delores Koutney; ballet sextet including Roberta Sjoding, Violet Aiken, Delores Koutney, Patsy Pease, Inez Fisher and Iris Fisher, all local school girls; comedy gyrations by Bob Conrad, R. V. Hitchcock, Brunell Haney and Dean LaPoint.

Part of show proceeds will go to the Shrine's crippled children hospital fund. Tickets are available at Heider's and the arena.

## State Birth Record Set, Mortality Rate Lowest

PORTLAND, May 12—(AP)—The state posted a record delivery rate for Oregon during 1947, the state board of health reported today.

Births totaled 35,020 live babies, a rate of 28.5 per 1,000. A preliminary study indicates the state had the lowest infant mortality rate in the nation.

## Travel Information Inquiries Set Record

The state travel information in Salem has received more than 116,000 inquiries from prospective tourists in other states since January, it was announced Wednesday.

The figure is the highest in history. Last year there were 116,500 inquiries during the entire year.

## CRATER LAKE ROAD OPENED

The Medford-Crater Lake highway was open for traffic to the lake rim Wednesday, after being snowbound for several months. State Highway Engineer R. H. Ballock reported.

## CHINESE REDS ON MARCH

PEIPING, Thursday, May 13—(AP)—Chinese communist troops were reported advancing today toward Mukden's western defenses—possibly opening the long-expected red offensive in Manchuria.

Radio disturbances occur when the ionosphere or radio reflecting region 50 to 250 miles above the earth is disrupted by the incoming streams of particles from the sun.

## Housewarming Bee To Aid Cripples

PORTLAND, May 13—(AP)—They're going to build a house for a couple of paralysis victims here Sunday.

It will be an old-fashioned house raising, with members of the Portland Polo Swim Club—and anyone else they can recruit—wielding the saws and hammers. After they get through with the house they'll put up a chicken house and put in a garden.

The recipients will be Mr. and Mrs. Harold Metaker. Metaker is confined to a wheel chair and his wife wears a leg brace and has partial use of her arms. They want to raise chickens.

## Wallace Candidate Fired in Georgia

ATLANTA, May 12—(AP)—James Barfoot, the Wallace party's proposed gubernatorial candidate in Georgia, said today he had been fired from his teaching job at the University of Georgia and was confined to a wheel chair and his wife wears a leg brace and has partial use of her arms. They want to raise chickens.

Barfoot, 33-year-old professor of education at the university was selected tentatively as a gubernatorial candidate last week, but had not accepted the nomination.

## 'Catalog' to Boost Trade with Reds

WASHINGTON, May 12—(AP)—American sales to Russian - bloc nations may be boosted by a commerce department "mail order catalog" listing things they may buy from the United States, and under what terms.

But weapons, ammunition and some industrial goods still will be banned, said officials who disclosed this new step today.

## 1,669,000 Men Needed By Military During Year

WASHINGTON, May 12—(AP)—The senate was told today that regular and reserve forces of the armed services will need 1,669,000 new men during the next year.

The manpower estimate, made in a formal report from the senate armed services committee, includes the regular forces, reserves and replacements for men who will drop out during the next 12 months.

## Doctors' Clinic Permit Given

Construction of a doctor's clinic west of Salem General hospital on Center street at a cost of \$75,800 was approved Wednesday by the city engineer's office.

Alan Siewert, Salem contractor, has the contract for the project, and work is expected to start when weather permits. The clinic is being constructed by Drs. Walcott Buren, F. Kenneth Power, Vern Miller, Stuart Lancelfield and A. Terrence King. The physicians formerly occupied offices in the Guardian building which was destroyed by fire last year.

The Elsinore theatre was authorized to make \$5,900 worth of alterations to the building's rear exits, separating exits on the first floor from those on balcony loges. A permit also went to Lee's Used Cars to build an office at 240 N. Church st., \$125.
