"Holly" Says

There are only 13 shopping days left in JUNE, she is expecting that ring in June so let's not wait until the last minute . . . let's not maneuver into the proper place and condition—have her say "yes sure" and then have to run down to the store and purchase the ring; that's all wrong, you would be getting off on the wrong foot right at the start and brother "that ain't good." It's just as easy to do it right and a lot nicer.

Come in and select the ring that best suits your budget (we will not try to "up" you). We will help you in every way possible to make the very best choice. We will then tuck your ring into the foliage of a beautiful live and glowing orchid. The orchid will be packed in a transparent plastic box neatly tied with real ribbon and containing a glass lapel vase and pin complete. When you hand her this wonderful combination you will not even have to ask her anything—presto, the job is done without saying a word.
