ROY J. RICE,
Present Commissioner
Candidate For Re-election

A native Oregonian and life-long resident of the state. The past 26 years having resided in Marion County.

For past six years, I have been your County Commissioner and during this time have consistently maintained an interest in the improvement of our county road system. We have established a program to all twenty-five miles of new road each year. At the present time ninety-three miles of federal aid roads are allocated to Marion County, on which two contracts have been let. Recognizing the need for traffic control in congested rural school districts, I am working for the enactment of laws whereby we can establish safety zones.

The wet, late spring has increased the road work to such an extent that it is impossible for me to make a personal contact campaign, for which I apologize and I hope the voters of Marion County will allow me this means of asking for their support for County Commissioner in the coming election.

Ben J. Ramseyer
Republican Candidate for
County Coroner

I nominated and elected. I pledge myself to cooperate impartially with all persons concerned, affording the families complete freedom as to choice of mortuary to be called in cases of sudden or tragic death.

It is the belief of many citizens as well as seven of the eight funeral home owners in Salem and Marion County, that the Coronership should be held by a capable and qualified citizen, one who neither owns nor operates a mortuary.

If elected, I will institute this plan, as a forward step in the interest of better service.

May I have your favorable consideration at the polls, May 21, 1948?
