"Holly" Says
If there is ever a time in the youngster's lives when they should have a worthwhile gift it is at graduation time. Christmas and birthdays come every year, year in and year out, but Graduation comes only once (thank goodness, they tell me).

We have some wonderful gifts here, nice to look at and practical to use—two features in one that you cannot always find. We will not try to list the hundreds of items but if you will come in and just take your time and look around you will certainly find something to fit into the situation and at a price that will make you glad you came.

For those of you who have not shopped our store, we want you to know that we are NEVER urged to buy—if we have what you want we will be very happy to sell it to you. If we do not have what you want we do not try to sell you something else. We do suggest that you try one or more of the other stores in town and if they do not have it just give us a few days and we'll get it for you from the factory and if they do not have it we'll make it, or have it made... and the price won't be too high either, we just want to make enough money for the essential "three squares a day," a few little luxuries in life and a couple bales of hay for the horses.
