Safeway Trims It Before Weighing

...SO YOU SAVE MONEY

Wherever you buy meat you are entitled to money-savings that result from proper trimming of each cut *before it is weighed*. Insist that your butcher trim this way. If he refuses, why not buy at a market where this kind of trimming is done?

YOU SEE ABOVE how Safeway removes excess bone and waste from rib roasts *before* weighing. We prepare other cuts in similar fashion — each according to its special requirements. This waste-free cutting is part of Safeway's Guaranteed Meats plan. We regularly trim our meats this way.

When you compare meat prices, remember that Safeway's prices always are on the **TRIMMED** out, free of excess bone, waste and fat, ready for cooking.

If ever you're not satisfied that the meat you buy at Safeway is trimmed the money-saving way we say, just

show it to the manager of the Safeway store where you bought it. If your Safeway rib roast (for example) is **NOT** trimmed as shown above — you get TWO rib roasts without a penny's extra cost (and without quibbles or arguments!).

Safeway buys nothing less than the top government grades of beef (all beef sold at Safeway is U.S. Government graded)... nothing less than the top grades of lamb, pork and veal.

Come prove for yourself — there's more goodsteering at less cost in Guaranteed Meats from Safeway!
