Stocks Reach 22-Month High

NEW YORK, July 6-(AP)—Small gains in the stock market today were enough to raise the general price level to a new 22-month high.

Railroad issues called the tune at the start and numerous individual stocks responded with advances of fractions more than a point. The rails themselves, and some others, lost their balance in late trading and closed under the top marks of the day.

Turnover of 950,000 shares was a shade above Friday's 920,000, but about on a par with last week's comparatively quiet trading.

The Associated Press average of 60 stocks edged up .1 of one point to 71.9, a top since August, 1946. The rail component was unchanged but the industrial group advanced.

Grain Futures Rally at Close

CHICAGO, July 6-(AP)—Grain futures rallied at the close of today's board of trade session, after a shaky day. At one time the July corn contract was off the 8-cent daily limit and wheat was down around two cents.

However the closing rally which covered gave a better tone to the market. Corn recovered half its losses. Oats closed mixed.

At the finish wheat was unchanged to 1/4 higher than Saturday's close, July \$2.28 1/4-5/8. Corn was unchanged to 1/4 lower, July \$2.08 1/4-5/8.
