Gordon Gilmore of Salem, Cascade area scout executive, was present for the charter reviews. Kersten and Ed Coman as committee members. P. C. McLaughlin will be institutional representative for the troop and pack, while Gene Stoller and Dr. A. F. deLespinaise will be scouters-at-large.

### Dallas Junior Police Plans Paper Drive

DALLAS — The Dallas junior police are sponsoring a month-long paper drive to raise funds for their organization, recently organized by Police Officers Art Teterud and Wendell Brenner, Chief of Police Paul Kitzmiller supervising.

Boys from 10 to 18 each are to have full police powers with the exception of carrying firearms and making arrests. Kitzmiller said. It is planned to secure badges, uniforms and other equipment for each member as soon as the organization is completed.

Besides their assistance to the regular police, the boys will carry on a schedule of sports activities and outings. They meet three nights weekly on the courthouse lawn for training in police tactics and drilling.

Officers are Bob Davis, junior chief; Don Siebert, assistant junior chief; Orland Wood, captain; Bill Jeffers, first lieutenant and assistant secretary; Richard LeFever, captain; Pat Holman, first lieutenant; Baxter Goodrich, first lieutenant; Wayne McWhirter, sergeant, and Phil Dye, sergeant.

### Woodburn Lets Contracts for Street Work

WOODBURN — Bids for improvement of Settlemier avenue and Brown street from the Warren-Northwest company of Portland have been accepted by the city council and work is expected to begin in August. The offer provides for a charge of \$1.29 a square yard for two-inch asphalt concrete wearing surface, scarifying and rolling, and \$10.50 a ton for asphaltic re-surfacing material.

A delegation of Oak and Settlemier street residents requested the council to prohibit parking on First, Second, Third and Poplar streets leading into Settlemier park. It was contended motorists disregard signs posted by police and driveways are blocked. The council authorized such an ordinance and held a special meeting Thursday to act on the measure. A fine of \$2 to \$5 for violations of the ordinance was recommended.

The ordinance setting city taxes at \$22,764 for 1948-49 was adopted. Another ordinance governing operation of the swimming pool was authorized and the recreation and park board will be asked for recommendations.

### Jefferson Has Peddler Law

JEFFERSON — Jefferson has a new ruling which requires all salesmen soliciting business or making sales of merchandise in Jefferson, to have a city peddler's license. Signs have been ordered and when completed will be posted at the city limits on roads leading into the town.

Required to buy licenses are all house-to-house salesmen selling brushes, drug and household products, subscriptions, household appliances and other items. Any retail salesman except farmers who produce the products they offer for sale is affected.

Two reasons were advanced for this ordinance: Local business men are required to pay a yearly tax for doing business in Jefferson, so it is only fair that salesmen, without money invested in property, or who do not contribute taxes or to the support of local enterprises, should also pay. The second reason is that in this way, the city can check on the salesmen's integrity, thus protecting unsuspecting housewives from petty swindlers.

### Council Approves Water Line Work At Malone Place

JEFFERSON, July 10 — R. E. Robertson has requested the Jefferson city council to grade and rock the street to his property east of the railroad tracks, near the Bruce place. The request is being considered by the street committee.

When Lester Malone asked to have a water line run to his property on North Second street, the council decided this week to lay a two-inch pipe under the pavement to his property.

George Armstrong, appointed to take the place of Paul Greely as watchman over the Fourth, was retained as a regular officer for the time being. His telephone is 526.
