### Salem Woman Hurt in Crash

Mrs. Mabel Scott, 130 N. 23rd st., was resting comfortably in Salem Memorial hospital early this morning, attendants said, following a pickup and truck accident Friday afternoon at Greenwood corners, on the Dallas highway, 1 1/2 miles west of Oak Knoll golf course. She suffered abrasions, bad scratches and shock, according to first aid men who took her to the hospital.

State police reported that the accident occurred when a pickup truck driven by Mrs. Scott's husband, Eldon Scott, and a truck driven by Earl Hampton, 3670 1/2 State st., sideswiped. The pickup turned over, police said, but little damage and no other injuries were suffered.

### Atomic Fight Versus Cancer Gains Grounds

By Howard W. Blakeslee  
Associated Press Science Editor  
BROOKHAVEN, N. Y., July 30 (AP)—A new step in the atomic energy attack on cancer was made public today at the Brookhaven national laboratory of the atomic energy commission.

A new point during growth has been discovered where gamma rays and x-rays kill tissue cells. The discovery may answer a puzzle for doctors, who have cured many cancers with these rays, but failed with many more, because for some mysterious reason many cancers resist the rays. The Brookhaven work was aided by funds from the American Cancer society and the Donner foundation, Philadelphia. The work is by Dr. Arnold H. Sparrow and associates, in the Brookhaven biological laboratory, directed by Dr. F. H. Nims.

It was known that in cancer the atomic rays destroy tissue cells during the period when single cells are dividing to form two cells each. This division is how cancers grow. It is also how healthy cells grow, in men, animals and plants.

### Farben Blast Toll Mounts

LUDWIGSHAFEN, Germany, July 30 (AP)—French authorities tonight officially estimated Wednesday's explosion and fire at the huge I. G. Farben plant caused \$15,000,000 damage.

The toll of known dead in the disaster rose to 155. Another 150 to 200 persons were reported missing and possibly dead. Nearly 400 still were in hospitals and another 2,100 were treated for injuries.

German plant officials said American soldiers who rushed across the Rhine bridge from the American zone city of Mannheim "saved 1,000 lives" by their prompt action.

### Benefit Pilgrimage To Mary's Peak Slated by Shriners

Hundreds of Willamette valley residents are expected to join in a pilgrimage to 4100-foot Mary's peak, 25 miles west of Corvallis, when the Shrine clubs of four Oregon counties stage their annual trek Sunday for the benefit of crippled children.

The trek will provide a day of entertainment in the natural amphitheater atop the mountain. Monte Blue, veteran movie star, will emcee the program, which will include two air shows, four bands and a drum and bugle corps, a stage show, and an Oregon centennial address by Ernest Haycox, noted Portland author.

### Stocks Regain Early Loss in Brisk Trading

By William D. Horgan  
NEW YORK, July 30 (AP)—The stock market came back fighting late today after a bad early mauling.

Closing prices were down fractions to around 2 points, and in a few cases more, but as trading came to a stop at 3 the market was still on the way up.

Turnover of 1,310,000 shares was the largest in 10 days and compared with only 750,000 Thursday. Lower by around a point or more were General Motors at 62, Goodrich Tire 56, Sears-Roebuck 36 1/2, Lockheed 21, Electric Power & Light 21, Phelps Dodge 54 1/2, General Electric 38 1/2, Johns-Manville 35 1/2, Santa Fe 113, Great Northern preferred 44, Union Pacific 86 1/2, Gulf Oil 70 1/2, Mission Corp. 58 1/2, and Dow Chemical 44 1/2.

Railway issues lost ground in the bonds market but here, too, extreme declines were trimmed. One or two federal issues slipped but the general undertone was steadier after losing territory early this week.

### Communist Party Chief In Chicago Surrenders

CHICAGO, July 30 (AP)—The communist party chairman for the Chicago district, pleaded innocent today to charges of advocating the overthrow of the government and was released on \$5,000 bond.
