

Dock Deadlock Continues at North Bend

NORTH BEND, Ore., Aug. 28.—(AP)—The CIO continued its dockside deadlock today with the AFL in a strike that some observers feared might spread to San Francisco.

The test will come when the picketed lumber carrier Rolando sails from North Bend for San Francisco. The carrier is being loaded by AFL crewmen. It is expected to sail next week.

Another ship tied up here as a result of the strike. It was the Grace line freighter Santa Leonora, which was at the Irwin-Lyons Lumber company dock when the Rolando arrived.

That company signed an AFL crew for the Rolando. The CIO contended below-deck jobs should go to CIO men, and pickets were posted about the lumber carrier. When the AFL crew began unloading the Rolando, the CIO extended the picket line around the Irwin-Lyons mill and dock.

AFL Takes Challenge

The AFL took up the challenge. A representative from San Francisco, Robert Dombroff of the Sailors Union of the Pacific, came here and urged the AFL to "crack any CIO picket line."

A few AFL mill maintenance men on return to get through employes went through the line today, but a bigger test will come Monday when the full AFL crew is scheduled to return to work. The mill does not operate regularly on Saturday.

AFL crew members from the Santa Leonora left the ship for breakfast today, and did not at the mass CIO picket line.

Dombroff said this endangered the area, for the Santa Leonora is carrying 1,400 tons of nitrate similar to that involved in the Texas City disaster. He asserted the crew should be allowed to return "to protect the ship for safety purposes."

Expert Proves Law-Breaking Saves Little Time in City Traffic

COLORADO SPRINGS, Colo., Aug. 28.—(AP)—The big convertible broke every traffic law in the books as it raced wildly through the downtown section.

Pedestrians and motorists cursed, then blinked in surprise. They saw a white-hatted policeman in the front seat and a banner on the car proclaiming "safety program."

The driver was Cliff Bergere, veteran of the Indianapolis speedway. His passenger was Capt. Cecil Caldwell, head of the police department traffic program.

The wild drive was taken to show how little time you save by driving recklessly.

Drove in Sane Manner

Bergere drove once in a sane, legal manner over a 15-block route. Caldwell clocked him in 9 minutes, 35.1 seconds. Then he drove the same course so wildly he broke 52 traffic laws. His time was 9 minutes, 31.2 seconds.

For risking his own life and others, he saved 3.9 seconds.

Bergere is touring the country making traffic safety demonstrations.

"The kind of driving I did here," he said, "is what many motorists consider normal driving."

He drew many an ugly look from pedestrians as he poked the long nose of his convertible into the crosswalks eight times and took the right-of-way from walkers five times.

Illegal Speed

He drove at an illegal speed, didn't give hand signals, cut corners, jumped traffic lights, ran past a boulevard stop sign, turned right from center lanes, drove on the left side of the street, passed cars at intersections and on the wrong sides, drove through a safety zone, and broke many other laws.

"The way people drive," Bergere commented, "it's safer on the Indianapolis race track than on the public highway."

By pushing their trunks up above the surface of the water and breathing through them, elephants can walk on the bottom of a river.

Permit Issued For Stores

Permission for construction of a new store building and a new residence was granted Saturday by the city building inspector's office.

The store will be a one-story building at 989-991-993 S. 12th st., to be erected by J. K. Cloyd. The new building will house a modern barber shop, to be operated by Cloyd, and a beauty shop. Tenants to occupy the rest of the building have not yet been chosen, Cloyd said.

The one-story house will be built by Mrs. Orpha Hughes at 255 N. 18th st., at a cost of \$7,500.

Other permits were issued to O. E. Wallace to repair dwelling at 1555 N. 4th st., \$250; W. J. Hardie to erect woodshed at 755 Breys ave., \$150; J. D. Kaster to reroof dwelling at 110 E. Owens st., \$200.

South America Warned of Plot

SANTIAGO, Chile, Aug. 28.—(AP)—The newspaper El Diario Ilustrado said today that U.S. intelligence agents had warned South American governments of a communist revolutionary plot. The Chilean foreign office said, however, it knew nothing about it.

Manuel Trucco, sub-secretary of foreign affairs, said that Chile had received no communication from the state department about a supposed communist revolt to explode

FARM GIRL—Betty Akers, 18, heads Los Angeles County fair's corps of farmerettes being organized to act as hostesses during the exposition which will be at Pomona, Calif.

simultaneously in Chile, Peru and Ecuador.

He added that Chile had taken "all precautions" because of the communist issue in this country. The Chilean congress now is completing action on a bill to outlaw the communist party.

Hughes' Death Brings Note Of Sympathy

OSTERVILLE, Mass., Aug. 28.—(AP)—President Truman sent a note of sympathy today to the family of Charles Evans Hughes, retired chief justice of the United States, who died Friday night at the age of 86.

Supreme court attaches announced in Washington that funeral services will be held at 1:30 p.m. (eastern standard time) Tuesday, in Riverside church,

New York City. The services will be conducted by the Rev. Dr. Harry Emerson Fosdick, pastor (emeritus) of the church. This plan follows wishes expressed by Hughes to his family some time ago.

Burial will be private and there will be no announcement as to where interment will take place, the attaches said. They said the family has requested that no flowers be sent.

The noted jurist and statesman died in a cottage at the Wianno club where he came August 5 after a heart condition had kept him in his Washington home for several months.

WASHINGTON, Aug. 28.—(AP)—President Truman today ordered the flag to be flown at half staff

on all government buildings until after the funeral services Tuesday afternoon for Charles Evans Hughes in New York. He also asked the nation's citizens to "render every appropriate reverence to this great American, in their homes, their schools, their churches and in other suitable places."

Jeep Crushes, Kills Owner

NORTH BEND, Aug. 28.—(AP)—Herman Haughton, 38, whose jeep fell on him while he was repairing it yesterday, died in a hospital here today.

The vehicle slipped from timbers and fell 18 inches, pinning Haughton underneath. He suffered head injuries.

Haughton's wife and a visitor, Robert Surkmer, Roseburg, attempted to lift the jeep, but failed. Their cries brought a neighbor and three of them freed Haughton, who still was conscious.

Exclusive Special

New 2 bedroom home with large unfinished upstairs (room for three more bedrooms). Full basement with furnace, electric hot water heater. Coved plastered ceilings throughout. Large living and dining rooms. Large kitchen with eating space. Attached garage. Located east. 2 blocks to bus. Exceptional buy at \$10,800 with as little as \$1500 down. Don't be too late!
