

## Valley Schools Resume Class Work Monday

SALEM HEIGHTS, Sept. 13 — Salem Heights school opened today with an enrollment of 207. Thirty-two were registered in the first grade, six more than the first day in 1947, Marion F. Miller, principal, said.

Increase in the total enrollment is expected within the next few weeks, Miller said because of a large number out because of illness and the many who are working in the harvest fields.

The teaching staff includes Mrs. Roy Ferris and Mrs. Inez Green, first grade; Mrs. Charlotte Jones and Maxine Pierce, second grade; Mrs. Wilma Hammond, third; Mrs. Arvilla Boyer, fourth; Mrs. Grace Conner, seventh; Raleigh Atkinson, eighth.

Mrs. Mildred Cooper, sixth and Mrs. Nan Denham, fifth, are teaching classes in the community hall until the new class rooms are complete.

**Keizer Crowded**  
KEIZER, Sept. 13 — Keizer school opened today with considerably in excess of the 513 registered in advance, Ralph Nelson, principal, said tonight.

Buses are operating and it is expected the timing on these schedules will have been worked down to the point where no waiting will be necessary on the part of anyone, Nelson said.

**Hubbard Enrolls 171**  
HUBBARD, Sept. 13 — One hundred and seventy-one were registered in Hubbard grade school today with approximately an equal number registering for high school class work in Hubbard union high school district 6, Woodburn high school and Canby union high school.

Beginners here totaled only 20 and the second grade with 29 registered had top enrollment for any one grade. Fifth grade with 26 was second high, eighth grade with 24 was third high. Other grades had third, 18; fourth, 17; sixth, 19; and seventh, 18.

Forty-eight high school students were registered here, an estimated 98 were to attend Canby and 25 are expected to be enrolled at Woodburn.

**Cloverdale Enrolls 36**  
CLOVERDALE, Sept. 13 — School opened here today with 36 pupils registered in the two divisions. Sebana Morrison is the principal and teaches upper grades where 23 are registered. Francheon Lappen is the primary teacher and had 13 pupils registered.

**North Santiam Renovated**  
NORTH SANTIAM — Much activity is underway here getting the schoolhouse ready for school which opened Monday.

Ralph Harold construction Co. of Stayton did sidewalks and concrete work.

M. J. Peterson and James Archibald were in charge of carpenter work. Cooper and Son of Salem converted the furnace from steam to hot water heat.

Adrian Ruby of North Santiam painted the kitchen and one class room. Edwards Maintenance, Portland, cleaned and sealed the floors with a first coat. Second coat will be applied during the Christmas holidays.

Teachers on the staff are Mrs. Grace Roach, principal, and seventh and eighth grades; Mrs. Roscoe Poole, fifth and sixth; Mrs. Ray Killian, third and fourth; Mrs. Carelson, first and second grades. Mrs. Roach, Mrs. Poole and Mrs. Carelson taught last year and Mrs. Killian is a new teacher for the new classroom added this year.

**Dixiecrats Say 45 Electoral Votes in Fold**

ATLANTA, Sept. 13 — States rights democrats here jubilantly claimed 45 electoral votes from six states and, in addition, had a place on the general election ballot of four others.

Their campaign of opposition to President Truman's civil rights program also was bolstered during the week by Herman Tamm's "white supremacy" victory for the governorship of Georgia.

In the face of the new party's growing strength, Truman gave up his plans for a southern campaign tour and said he would appear only at strategic spots, for one-night stands.

The states rights ticket of J. Strom Thurmond and Fielding L. Wright won 10 more electoral

votes in Louisiana when democrats there removed Truman's name from the presidential ballot.

The action, in effect, gives the state's 10 unpledged electors to Thurmond now governor of South Carolina. However, court action in behalf of Truman is expected.

Already pledged to Thurmond for president were 11 electors from Alabama, nine from Missis-

sippi, eight from South Carolina, four out of eight from Florida and three out of 12 from Tennessee.

Sunday. Rural fire fighting equipment responded to the alarm and saved other buildings and brought the blaze under control.

While hop picking was complete at the ranch personal belongings of workers had not been removed from the cabins and were lost in the fire.

The average-size tree "drinks" from three to five barrels of water during the growing season.

**Hop Ranch Cabins Lost in Sunday Night Blaze**

INDEPENDENCE, Sept. 13 — Thirteen cabins on the Walker-Hanna hop ranch just north of here were destroyed by fire late

## Parents Go to School, Too, on Opening Day

Salem's first day of school saw many of the teachers helping dad or mom instead of little Johnny or Mary. Typical of the scenes is the one above where little Mike Crow, 7, sits patiently at left while his father Dorman Crow, 439 Pine st., fills out the registration card at right, assisted by Mrs. L. G. Kanetta, second grade teacher at Highland school. Classes will begin in earnest today. (Photo by Don Dill, Statesman staff photographer.)

**Valley Briefs**

**Hayesville**—Covered dish dinner will be served Thursday night at 6:30 in the basement of the Hayesville Baptist community church. The Rev. Gene Brickwedel, the new pastor, will be present and it will be observed as family night.

**Roberts**—Favorite books will be shown on the display table at Home Ec club meeting Wednesday, September 15 when the club meets with Mrs. Lee Eyrley. Mrs. Frank Sollenburg will be assistant hostess and Eleanor Stephens, state librarian, will give a book review for the program.

**Spring Valley** — Sunshine club has postponed its meeting for September and will meet first again in October.

**Cloverdale** — Farmers starting prune harvesting Monday are Bill Waldrops, Frank Schampiers and the John Schifferers. Not too many prunes are to be found in any of the orchards this year, which means a short harvest season.

**Detroit** — Mrs. Ida Rynes of Bend has been visiting her friend Mrs. Len Davis.

**Auburn** — Mary Wickman, Los Angeles, and Marcia Moarville from Portland were weekend guests of June Stowell. They drove to Eugene to make final arrangements for registering at University for another year's work.

**Detroit** — A self service laundry is being built by Ed Byrkit on the highway a mile above Detroit on property recently purchased from Frank Steinhout, Jr. The Byrkits are living here now.

## Valley Briefs

**LA GRANDE**, Sept. 13 — (AP) This city's scheme of giving nickels instead of traffic tickets to cars parked over the time limit wound up its trial month today with a profit.

The chamber of commerce contributed \$25 to furnish the nickels. Now it's got \$28.66.

Under the "courtesy nickel" plan, patrolmen drop a nickel into a parking meter when a car is over-parked. They leave an envelope in which the motorist can refund the nickel.

Motorists went all overboard with the refunds. They sent dimes, quarters, half-dollars, even a dollar bill.

**Black Marketeers Take Advantage of Volcano Refugees**

MANILA, Monday, Sept. 13 — (AP) — A sordid story of black marketeers taking advantage of thousands of miserable Filipino refugees from the volcanic island of Camiguin was told today by the Manila Free Press.

Filemon V. Tutay, Camiguin correspondent for the Free Press reported that at the main evacuation port of Binoluan a glass of water sold for 10 cents, U.S.

"Because of the almost total breakdown of relief operations, he wrote, 'Looting, profiteering and plain racketeering were markedly evident.'

On this southern Philippine island ravaged by 11 days of volcanic eruption, Tutay reported that even the publicly-owned vehicles increased their rates.

## Parking Meter Courtesy System Results in Profit

**LEBANON**, Sept. 13 — Funeral services for Melvin Prine, 61, who died Monday will be held at 2 p.m. Thursday from Howell-Huston chapel here.

Prine was born Sept. 22, 1887, on the place where he had lived since and where he died this morning. Survivors are the widow, Elizabeth Prine, a son, Charles Prine of Salem; two daughters, Evelyn Pederson, Albany; Esther Fairbrass, Portland; three sisters, Mrs. Laura Edgar, Mrs. Edith Kimball, Crabtree; Mrs. Ida Godwin, Albany.

Some 22 million people have seen Washington D. C. from the observation platform of the Washington monument.

**WIN CONTESTS!**

Millions of dollars in contest prizes will be given away during the next year in contests open to you! Right now Duz is offering \$1,000 a year for life and 555 other cash prizes; Cat's Paw Heels and Socks \$25,000 in 680 cash prizes; Swift's Cleaner \$41,000 in 1,161 prizes—no mention only a few. ## TRANSPORTATION is helping Oregon's growth

● Growing arteries of transportation are strengthening Oregon's industrial and commercial heart year by year. By land, sea and air the means of transporting goods for export and import are increasing in scope and efficiency.

On land Oregon is served by four transcontinental railroads and a dozen major trucking companies. On the sea 50 steamship lines ply to and from the state's ports to load and unload cargo. In the air six large airlines, one feeder line and two freight lines provide a quick connection with the rest of the world. Add to this \$2,821 miles of roads, undergoing a steady program

of extension and improvement, and one begins to feel the urgency and promise in the growth of this land.

*As this region grows, so grows PGE*

PGE has long known the promise that Oregon holds. Increasing transportation facilities are a tangible evidence of this promise. Confident of Oregon's future, this company since the end of the war has been engaged in the largest construction program in its history. This year alone more than \$7,000,000 is being spent to provide the 180,000 PGE customers in the lower Willamette Valley the finest possible electric service facilities.
