

# Warren Starts Nation-Wide Campaign Tour

(Picture on Page 1)

**SALT LAKE CITY, Sept. 16 (AP)—**Gov. Earl Warren kicked off the republican party's 1948 election campaign tonight with an appeal for national unity and political moderation at a period when totalitarianism is still on the march in the world.

An audience nearly filling the South high school auditorium cheered when he declared the 1948 election campaigns must be free from the prejudice of party, class or race.

America's traditional two-party system, he declared, can not be preserved by preaching any doctrine of fear designed to affect the decision of the American people. The republican vice presidential candidate capped a busy day of electioneering in Utah with his address, which was broadcast over a national (CBS) network.

He appealed to the American voter, in a "world beset by fear," not to permit political passions to disrupt national unity or play into the hands of those "preaching the doctrine of fear."

The republican vice presidential candidate declared Americanism and governmental principle were not the "patent" of any single political party.

His speech here in the auditorium of South high school was the first key address in a coast-to-coast campaign swing starting yesterday at Sacramento, and scheduled to continue until late October.

# Colorado to Vote On Decreasing Old Age Pensions

**DENVER, Sept. 16 (AP)—**The Colorado supreme court today put on the November ballot a proposal to change the state's old-age pension law, which has brought the highest payments in the nation.

The proposed amendment would substitute a guaranteed \$50 monthly pension for the present law, but would unfreeze sales and liquor taxes now earmarked for pensions.

Under the present law, Colorado pensions have reached a maximum of \$83 monthly.

# U.S. Prestige 'Tremendous' Now in Europe

**WASHINGTON, Sept. 16 (AP)—**United States prestige in Europe is "tremendous" now, a special adviser to Gen. Lucius D. Clay said today. He credited what he called the "foolish" Russian mistake in imposing the Berlin blockade and the American air lift with which it is being countered.

The adviser, Dr. Carl J. Friedrich of the Harvard school of public administration, returned last week after serving with Gen. Clay, the U. S. commander in Germany.

He said in a news conference that the "propaganda of action" in feeding Berlin by air has convinced a "lot of doubting Dutchmen, Swedes" and others in addition to the Germans.

# Reds Starting Power Drive In South Asia

**WASHINGTON, Sept. 16 (AP)—**The state department said tonight communists in southeast Asia have started a "drive for power" by pretending to champion the cause of local nationalists.

The state department put out this statement in a discussion of events in such southeast Asian countries as Burma, Malaya, Indonesia and Indo-China.

Press officer Michael McDermott of the department said that the communist strategy has "worked well" but added:

"There is some evidence that sincere nationalist leaders in southeast Asia, originally deceived by this device, have now awakened to the fact that in communist controlled states outside the Soviet Union, the nationalism to which they aspire is regarded as a high crime and grounds for ruthless interference in the internal affairs of such states by international communist organizations."

# Cinderella Girl, Scion Re-Wed

**DAYTONA BEACH, Fla., Sept. 16 (AP)—**Socialite Francis Hitchcock and his blonde bride from the Pennsylvania coal fields were re-wed today at her wish with the solemn rite of the Greek orthodox church.

The ultra-exclusive Kentucky-Florida club a few miles from Daytona was the scene of the ceremony, in sharp contrast to last night's simple nuptials in the tiny town of Folkston—the "Gretina Green" of Georgia.

# Flames Rise From Oil Fire

**INGLEWOOD, Calif., Sept. 16—**Vast whirling balls of flame shoot into the sky as explosions wrack an oil tank farm at Inglewood, Calif. Three persons, some of them residents of a neighboring trailer camp, were killed. Twelve others were injured. (AP Wirephoto to The Statesman.)

# U.N. Council to Consider Case Of Hyderabad

**PARIS, Sept. 16 (AP)—**The United Nations security council voted 8 to 0 today to take up Hyderabad's appeal for help against India's invasion. Then the council recessed until Monday.

Both Hyderabad and India were heard briefly by the council after a tangled debate on whether to take up the question at all.

It was the first full-dress performance by the U. N. in the newly decorated Palais de Chaillot and the oriental tone of the decorations fitted the oriental dispute.

The Hyderabad delegation headed by Foreign Minister Nawab Moyn Nawaz Jung appealed for "action swift and determined."

In answer India's Sir Ramaswami Mudaliar told the council that Hyderabad was not a sovereign nation and for that reason the security council had no right to intervene.

# Free Teen-Age Dances to Start In Mid-October

Plans for free teen-age dances in the area reached the action stage last night at a meeting of local 315, American Federation of Musicians and first of the series will be held about October 15, it was announced by David Nyberg, secretary-agent for the union.

Musicians from the union will play for the 16 to 18 planned dances and will be paid from the \$1,200 fund from record record-

ing royalties distributed by the international union.

Two or three dances will be held in Albany, two in Stayton, New or Waldport, one or two in McMinnville or Newberg, one in Silverton and 10 in Salem.

The union will ask schools, fraternal organizations, churches, youth organizations, service clubs, ladies auxiliaries, veteran's and dancing clubs for cooperation in sponsoring the dances in each locality.

The union will provide what they hope to be the first in a series of dances in most of the communities. Nyberg said.

# Today 161st Anniversary of Constitution

**WASHINGTON, Sept. 16 (AP)—**The 161st anniversary of the signing of the constitution will be officially observed tomorrow in all the states and territories.

Patriotic groups, schools, civic organizations, radio stations, news papers and real estate boards will take part.

To the regret of S. Denmead Kolb, national chairman of the Sons of the American Revolution, President Truman declined to issue a presidential proclamation, but all state and territorial governors promised Kolb they would proclaim the occasion.

President Truman wrote Kolb that "national observance days can be regularly established only by act of congress. Unless authorized to do so by congress, the president doesn't usually issue proclamations except in case of national emergency."

Truman pointed out that President Franklin D. Roosevelt proclaimed Constitution Day only once, on the 150th anniversary in 1937.

# Guard Planes To Join B-36

Oregon's air guard planes will take to the sky Saturday with air force reserve pilots and civil air patrol to stage an aerial salute to the first anniversary of the air force.

The formations will circle over as many Willamette valley towns as possible, air unit commanders reported.

A 150-ton, six engine B-36 giant of the air force planes will fly over of the south over Salem at 3:09 p.m. Saturday at a cruising speed in excess of 300 miles an hour.

# Rose Society Sees Displays

Several arrangements of roses were displayed Thursday night by the Salem Rose Society at a meeting in the YMCA.

Ollie Schindel, chairman of the recently held rose show at the armory, reported on the show. Dr. Kenneth Waters and Charles Cole showed slides of flowers arrangements and gardens in the Salem area.

Mrs. Lewis Judson was appointed chairman of the nominating committee. Al Lindbeck and Ray Warren were named as members.

# Cow Elk Still Alone As Male Elk Finds Civilization Dull

**PORTLAND, Sept. 16 (AP)—**Oregon's traveling elk headed back to the woods today, bringing joy to the hearts of hunters and gloom to the Portland zoo.

The four-foot antlered elk, which had been trotting toward Portland for the last two weeks, changed his mind a Beaverton and vanished into the hills. Game officials said he was probably returning to his native coastal mountains in his search for a mate.

The return means one more elk for rimmids this season. This area, to which the animal had come, is closed to hunting.

But it was pretty depressing for the two cow elk in the zoo. Their lone male companion fell victim to a fight with a buffalo recently.

# Soviet Jeeps Dash into U.S. Zone in Berlin

**BERLIN, Sept. 16 (AP)—**Soviet jeeps patrolled Berlin's sector borders and made several quick excursions into American territory today after a band of youths stoned communist-controlled police.

The jeep raids caused no trouble, though a soviet soldier fired one shot over the head of a German thief near the American sector.

Soviet patrols were in force as west Berlin anti-communists held a funeral for a victim of the east-west cold war—a 16-year-old German youth killed in the climax to last Thursday's anti-soviet mass meeting when soviet Russian soldiers and their police fired into the crowds.

The patrols were believed to have been instituted when it was arranged to have the funeral cortege pass near the soviet sector. These plans, however, had been changed.

U. S. military police said the soviet jeep manned by an officer and a soldier invaded the American sector near Potsdamerplatz but withdrew before U. S. patrols could reach the spot.

Earlier, the soviet-controlled press reported that a crowd of about 150 Berlin youths attacked and stoned three police in the soviet sector who were passing a black market center.
