MIAMI, Fla., Sept. 22-(AP)—A tremendous tropical hurricane moved into the Atlantic ocean at Jensen Beach, Fla., today after raking Cuba and South Florida and leaving at least nine persons dead. Six were killed in Cuba when the tricky storm lashed the western part of the island and three more died in Miami. Ninth victim was Frank Robert Lockwood, 50, whose body was found along the government cut entrance jetty at Miami Beach. Police said he was the victim either of drowning or a crushing blow against one of the rocks which cover the jetty. The storm in passing to the sea crossed Florida's rich Indian river citrus groves. Dan McCarty, large-scale grower there, said "it will be several days before a half-way accurate estimate of damages can be given. Everglades City, little town of 600 persons west of Miami, was under at least a foot of water. The town is without electric power and the only contact with the outside is by amateur radio."

### Stock Market Swings Higher

NEW YORK, Sept. 22-(AP)—Demand for railroad shares generated enough strength today to swing the stock market higher. Favorable operating reports for August provided a springboard for optimism over the rails. On the disappointing side was the fact that the rally today was not accompanied by a higher volume of trading. Transactions were 750,000 shares against 920,000 yesterday. The Associated Press average of 60 stocks gained 3.4 of a point to 67.5. The rail section made the best gain of .5 of a point and industrials went up 3 of a point. Utilities were unchanged. The number of issues traded dwindled to 223 of which 495 were higher and 228 were lower.

### Nooneman Held on Hit-Run Charge

Floyd Howard Nooneman, Woodburn, was held in the Marion county jail Wednesday night on a charge of failure to stop at the scene of an accident. His bail was set at \$25. Nooneman was arrested at his home by state police on a warrant sworn by Gertrude Johnson, Woodburn, whose car was damaged while parked on a Woodburn street.

### Pirkle Freed In East Oregon Murder Trial

VALE, Ore., Sept. 22-(AP)—A Malheur county jury returned a verdict of "not guilty" tonight in the trial of William G. Walker for the slaying of J. C. Pirkle. The verdict was returned about five hours after Circuit Judge M. D. Biggs instructed the jury to vote on either a reduced charge of second degree murder or manslaughter or to exonerate the defendant. The vote was 10 to two "not guilty."

### Rotary Hears Story of State Crop Growth

Benefits which have accrued to Oregon and Oregon agriculture as a result of the recommendations of a group of 400 men and women who met on Oregon State college campus 25 years ago were recited by Burton Hutton, member of the college extension staff, speaking at Salem Rotary club Wednesday in the Marion hotel. This group met to consider conditions and crops as then predominant in the state and to determine how the general level might be improved, in their opinion. New crops which have been developed and brought dollars and sometimes fame to Oregon and which were suggested in the recommendations of the committee included pears, potatoes for the California market, and small seed crops. Hutton said.

### Deed to Salem Air Base Land Sent to County

Marion county has acquired title to the 124-acre farm labor camp (formerly Salem Army Air base) on Turner road across from the municipal airport. The county purchased the property last September from the war assets administration. It received a quitclaim deed to the land from the federal government by mail Wednesday afternoon. The camp was purchased on behalf of the Salem Agricultural Housing, Inc. which operates it as a housing project for transient farm laborers. Purchase price was \$11,185, which was contributed by the housing corporation. Thirty-six buildings, together with electrical, sewer and water systems on the camp land, can house about 500 people. Marion County Judge Grant Murphy said that the camp would be turned over to the local housing group at the end of the two-year period, required by the contract before re-sale.

New crops which have been developed and brought dollars and sometimes fame to Oregon and which were suggested in the recommendations of the committee included pears, potatoes for the California market, and small seed crops. Hutton said. While it was suggested that Oregon might hope to sell as much as \$20,000,000 worth of small seed crops in a year, actually one of these crops alone has since sold for \$14 million annually, Hutton said. Increase in the dairy industry was recommended but reduction in the apple orchard acreage was included in the recommendations.

### Dallas Schools Enrollment at Record High

DALLAS, Sept. 22-(Special)—Enrollment in Dallas schools totals 1,216, and increase of 83 over last year and 39 of the increase is accounted for in the first grade which has 134 enrolled. With only four first grade teachers, S. E. Whitworth, superintendent, is hoping to get a fifth teacher but first must find a room in which to hold classes. Total enrollment in the elementary school of which Mrs. Jessie Heath is principal, is 440 as compared with 413 last year. The beginning class last year had only 95. Junior high school enrollment totals 368 as compared with 359 last year; senior high school has an enrollment of 408 now as compared with 361 for last year. Carl Morrison is the new high school principal and J. Marion O'Brien is junior high school principal. The Dallas teaching staff numbers 51 with five administrative members making 56.

### Tsinan Holds Against Reds

NANKING, Sept. 22-(AP)—The battle of Tsinan reached a climax today with communist attackers still unable to pierce the walls of the city proper, a military spokesman announced. Gov. Wong Yao-Wu radioed from the besieged Shantung province capital that gangs of red saboteurs, who slipped into the city Tuesday and damaged the radio station, had been "annihilated." The spokesman said this apparently had given rise to an erroneous report that the communists had broken into the walled city itself. He added the inner defenses were intact.

### Harley Mize Injured in West Salem Accident

WEST SALEM, Sept. 22—Harley Mize, 1173 Sixth st., was in good condition in Salem General hospital today after suffering torn arm muscles and a cut artery in a traffic accident late Tuesday afternoon. Cars driven by Mize and Bill Bowden, 2025 S. Cottage st., Salem, collided at Elm and McNary streets, according to West Salem police reports.

### Yugoslav Pigs Nationalized

BELGRADE, Sept. 22-(AP)—Yugoslav government has nationalized the pork chop. This was disclosed by the communist newspaper Borba, which said the business of raising, fattening and selling pigs. Where did it get the pigs? About two weeks ago the government sent squads throughout the country which rounded up most of the porker population from peasants' farms. The pigs were run into government pens. The farmers were paid about one-tenth of the prevailing market price. The government said this was necessary in order to insure an adequate supply of food for the country's industrial workers.

### Nicest Compliment I've Had

From where I sit... by Joe Marsh  
One of the nicest comments I've received about this column was from an editor in the Middle West I called on. And while I don't like to give myself orchids, I think it illustrates a point. "Joe," he said, "it so happens I don't agree with everything you say, but I always like to run your column. Because it gets down to earth and talks about the right to disagree. And it only asks for tolerance towards the other person's point of view." He went on to explain, by way of illustration, that he never had happened to have a taste for ale or beer. But that when I spoke of the right to enjoy a moderate beverage like beer, well, he was right there with me! And from where I sit, that's the important thing: not whether you share another person's tastes or point of view—but whether you recognize his right to exercise a free choice in a free land.

### Norblad Calls Flood Control 'Primary' Need

WEST SALEM, Sept. 22—U.S. Walter Norblad made his initial speech on his current "visit home" here tonight as guest of honor of West Salem Lions club at a Ladies night dinner in the city hall. The representative of Oregon's first congressional district told the audience of about 100 men and women that he had inspected construction work at the site of the proposed Detroit dam and found satisfactory progress being made. Norblad said the Willamette valley project of which Detroit dam is a part is Oregon's primary need from federal authority. On the international scene, Norblad commented that he sees no immediate prospect of war with Russia. He lauded the congress' bipartisan foreign policy and said he felt Paul Hoffman is doing a fine job as administrator of European relief.

### Johnson Loses Round in Fight for Texas Ballot Spot

FORT WORTH, Tex., Sept. 2-(AP)—Federal Judge T. Whitfield Davidson today granted a temporary injunction barring Lyndon Johnson's name from the November general election ballot. The injunction suit was brought by former Governor Coke Stevenson, Johnson's opponent in the Texas August 28 Democratic party primary election for nomination to the U.S. senate. The judge continued a restraining order which has kept Johnson's name from being printed on the official ballot for the November 2 general election. Johnson is now a U.S. representative.

### CIO to Fight Astoria Ban on Sound Trucks

ASTORIA, Sept. 22-(AP)—Astoria's city attorney was investigating today whether the city was within its rights in banning a CIO political action committee sound truck from the streets. The truck was ordered out on Monday for failure to obtain a permit. It had been broadcasting an appeal to voters to register. Henry Niemela, CIO representative, told the city council that a recent supreme court ruling held sound trucks to be a form of free speech which could not be forbidden. The council ordered Attorney James L. Hope to decide whether the city ordinance was unconstitutional.
