

Police Recover Radio-Phonograph

City police recovered Saturday a radio-phonograph combination which had been stolen from the residence of Blanche Gaines, 1140 S. Liberty st., sometime during last week.

police discovered it had been sold to the Star exchange September 16 for \$10 by a man signing Jim Pearson, Lebanon. Also missing in the burglary, accomplished by entry through a front bedroom window, was a large pocket watch.

The word "ton" is derived from "tun," the name of a large cask in which wines were once shipped. The theft of the radio-phonograph was reported Saturday and

HOMES FOR AMERICANS

A one-and-a-half story home combining the compactness of the small house with spacious features of larger dwellings. This is Plan No. 724 by Walter T. Anicka, architect, of 617 Forest St., Ann Arbor, Mich. The house covers an area of 1,278 square feet and is 44 feet wide without the garage. The architect suggests wide white clapboard siding in horizontal and vertical lines, asphalt shingles for the roof colored to harmonize with the brick chimney. A semi-circular breakfast nook is a feature.

"Holly" Says

Don't get down here too early Monday morning, we're going out to the depot to hear Governor Dewey so it will be around 9:30 before we can open the store. If you get tired of waiting go across the street and get a cup of coffee and charge it to me. President Truman says the country is going to... the dogs, in a hand basket. Things are so awful according to Mr. Truman that I have about decided to give this store away or just close it up and take for the high hills with a box of dog biscuits and a barrel of cider. BUT before I take off I would like to hear what Governor Dewey has to say because I have heard via the (non-political?) grapevine that he has a remedy for the "Gloom Talk" and that everything is going to be changed as soon as he is president of the United States. After all, maybe this country will survive until November anyway, and in the meantime, if Dewey gives me any encouragement, I'm going right along selling diamonds, International Sterling, five different leading brands of watches, costume jewelry, lodge rings, sterling belt buckles, pen sets, watch bands, and everything else that will enable me to buy a new winter coat for the Mrs., a pair of half soles for myself and a bale of hay for the horse.

off. Freshmen indicted during the session are always convicted. The trouble came up last Thursday evening when a group of freshmen attempted to dunk Frank "Scotty" Washburn, Willamette yell king, in the Mill stream. The escapade was foiled by upperclassmen after Washburn

frantically appealed for help and the event ended up with 35 freshmen men being dumped into the Mill stream. The abortive attempt of the frosh came after Washburn had presided over the dunking of Ted Loder, Milwaukie, freshmen class president earlier in the day.

WU Lettermen Plan Frosh 'Punishment'

By James Oakes
Statesman Campus Correspondent

Willamette university's Lettermen club, campus gendarmes of the freshmen class, were considering steps to be taken Saturday as punishment for freshmen violators of upperclassmen dignity, following an uprising of freshmen Thursday evening. Howard Lorenz, Lettermen club president, said nothing definite had been planned except the continued selling of ribbons and caps to freshmen men and women.

However, Lorenz intimated that harsh steps would be taken if one more infraction of freshmen conduct by any member of that class was committed. All trials of offenders are usually held the third or fourth week of school at the traditional Kangaroo Court which is still at least two weeks
