Why Require Purchase Of a Bottle? LEGALIZE LIQUOR BY THE GLASS!

Let's quit kidding ourselves! Is it sensible to encourage the purchase of unlimited quantities of liquor by-the-bottle and at the same time have it illegal to purchase even so much as one drink of liquor by-the-glass?

Yet that is the situation in Oregon today . . . a situation the Oregon Liquor Dispensing Licensing Act (314 X YES!) is designed to correct by making it legal to purchase liquor either by-the-bottle in state liquor stores, as at present, or by-the-glass in state-licensed and supervised establishments.

For several months now, our state liquor stores have been holding "bargain sales" announcing attractive reductions in prices and encouraging the public to buy more liquor by-the-bottle.

One commissioner stated recently that a result of this "merchandising" state liquor inventories had been reduced by some \$2 million.

Figures for the year 1947 show that in per capita liquor consumption Oregon, with its exclusively by-the-bottle system, consumed more per capita than seven of the nine states which offer the public the choice of bottle or glass.

State	1947 per capita liquor consumption
OREGON	1.62 Bottle only
Vermont	1.60 Bottle and glass
Wyoming	1.58 Bottle and glass
Maine	1.48 Bottle and glass
Michigan	1.25 Bottle and glass
Idaho	1.18 Bottle and glass
Ohio	1.12 Bottle and glass
Pennsylvania	1.08 Bottle and glass

Liquor by-the-glass, as well as by-the-bottle, was made available in our neighboring state of Idaho on July 1, 1947. Consumption declined immediately.

Idaho per capita liquor consumption:	
1946 (bottle only)	1.23
1947 (bottle and glass)	1.18

Some people think that consumption will decrease if you make liquor hard to get.

Actually, the harder a thing is to get, the harder people will try to get it. During the war, when liquor was scarce, did consumption decrease? No, it increased! Here are the figures:

Decrease in Oregon per Capita Liquor Consumption Since the War Years.			
1945—1.77	1946—1.72	1947—1.62	

Let's have common-sense liquor regulations.
