

# Churchill Fearful Berlin Crisis May Flare; Showdown Urged

LAANDUDNO, Wales, Oct. 9 (AP)—Winston Churchill declared today the Berlin deadlock "may at any time precipitate a hideous world struggle." He again urged a showdown with Russia before she gets the atom bomb.

The British war-time prime minister said the United States would be "murdering human freedom and committing suicide" if it surrendered its store of atom bombs, which he described as the one asset guarding the progress of mankind.

He called for an end to the "stupidity" of war crimes trials of nazis. Given one of the biggest ovations of his career when he addressed the 4,000 delegates at the annual Conservative Party convention here, Churchill said that if the Russians wish to see the military use of atomic energy outlawed "they must reassure the world by actions which speak louder than words."

"Let them release their grip upon the satellite states of Europe," he declared. "Let them retire to their own country which is one-sixth of the land surface of the globe. Let them liberate by their departure the 11 ancient capitals of eastern Europe which they now hold in their claws. Let them go back to the Curzon line (in Pol-

and) as was agreed upon in the days when we were fighting as comrades together. "Let them set free the million or more German and Japanese prisoners they now hold as slaves. Let them cease to oppress, torment and exploit the immense parts of Germany and Austria which are now in their hands. "Let them cease to distract Malaya and Indonesia. Let them liberate the communist-held portion of Korea. Let them cease to foment the hideous civil war in China. "Above all, let them throw open their vast regions on equal terms to the ordinary travel and traffic of mankind. Let them give others the chance to breathe freely and let them breathe freely themselves."

SEATTLE, Oct. 9 (AP)—Two men were reported missing and four injured today in a north Pacific storm which disabled half a dozen vessels. A third man, who had been listed as missing, was found safe on shore 240 miles northwest of Vancouver, B. C. The man, Gerry Conway of West Vancouver, B. C., swam to shore after his logging camp tender went down in heavy seas.

Early reports had listed four men missing from two logging camp tenders off British Columbia. However, late reports said the finding of the one man reduced the number of missing to two. Two of the injured were aboard the tug Mundos which lost and then recovered one of two barges it was towing. They were identified only as C. E. Hatch and J. Jerome. Both suffered broken legs. A coast guard vessel took them to Ketchikan hospital. They were injured while the tug was recovering, in Dixon entrance off British Columbia, a barge carrying loaded freight cars for the Alaska railroad.

Two more injured were aboard the 38-foot herring boat Prince which reported it was drifting helplessly off Cape St. Elias in the Gulf of Alaska, authoritative commonwealth sources here said today. About 30 men were believed aboard all the vessels in distress.

UNCLE SAM'S FIRST FIVE CENT PIECES (MINTED IN 1794) WERE SILVER AND CONTAINED NO NICKEL.

## New Try at Atom Control Proposed

PARIS, Oct. 9 (AP)—Canada proposed today that the United Nations ask six big powers to make another try at agreement on atomic control and if they fail to shelve the whole issue for a year.

Gen. A. G. L. McNaughton, Canadian delegate, moved that the United States, Russia, Britain, France, China and Canada—the original sponsors of the statement U. N. atomic energy commission—meet following the current assembly session.

## Two Missing, Four Injured In Rough Sea

SEATTLE, Oct. 9 (AP)—Two men were reported missing and four injured today in a north Pacific storm which disabled half a dozen vessels.

A third man, who had been listed as missing, was found safe on shore 240 miles northwest of Vancouver, B. C. The man, Gerry Conway of West Vancouver, B. C., swam to shore after his logging camp tender went down in heavy seas.

Early reports had listed four men missing from two logging camp tenders off British Columbia. However, late reports said the finding of the one man reduced the number of missing to two.

Two of the injured were aboard the tug Mundos which lost and then recovered one of two barges it was towing. They were identified only as C. E. Hatch and J. Jerome. Both suffered broken legs. A coast guard vessel took them to Ketchikan hospital. They were injured while the tug was recovering, in Dixon entrance off British Columbia, a barge carrying loaded freight cars for the Alaska railroad.

Two more injured were aboard the 38-foot herring boat Prince which reported it was drifting helplessly off Cape St. Elias in the Gulf of Alaska, authoritative commonwealth sources here said today. About 30 men were believed aboard all the vessels in distress.

## Printer Strike In N.J. Ends

NEW YORK, Oct. 9 (AP)—The 121-year-old Journal of Commerce announced today the end of a 26-day walkout of printers and mailers.

A joint statement by officials of the financial daily and the AFL International Typographical union said workers would return to their jobs tomorrow. The settlement included the setting up of a new shift between the day and night shifts at premium pay rates.

## Dr. Wynkoop Takes Test

CHICAGO, Oct. 9—Dr. Alice Lindsay Wynkoop, 77, undergoes a test in Chicago, which she hopes will show she served nearly 14 years in prison for a crime she did not commit. The test is being administered by Dr. Orlando Scott, inventor of a device which he says measures brain waves. Mrs. Wynkoop was convicted of slaying her daughter-in-law in 1933. She has maintained her innocence throughout the trial and ever since. (AP Wirephoto to The Statesman.)

## Britain to Ask Dominions for War Support

PARIS, Oct. 9 (AP)—Britain will ask the dominions to pledge full military support for the Brussels alliance in the event of war against Russia, authoritative commonwealth sources here said today.

Leaders of the seven dominions begin talks in London Monday with Britain on how they can relate their economic and military programs with those of the five-nation western alliance. The commonwealth informants said the British have a plan whereby each dominion will be asked to accept representation on the unified military staff committee of the alliance.

LODGED IN JAIL Dallas Edward Whitesides, Mill City, was lodged in the city jail early Sunday morning in lieu of \$250 bail on a charge of driving while intoxicated, city police reported.

## Terrorists in Israel Stage Mass Break

TEL AVIV, Israel, Oct. 9 (AP)—Stern gang terrorists staged a mass jailbreak in nearby Jaffa today. Late tonight all except about a dozen were reported to have returned to their cells, most of them voluntarily.

An estimated 120 Sternists scoffed at Israel authority by breaking out of their heavily-guarded waterfront prison and seized temporary control of the building. Scores fled from the scene. Others calmly bathed in the Mediterranean and visited nearby coffee houses in an amazing gesture of disdain for Israeli authorities who have publicly declared the Stern gang smashed. Some of the Sternists strolled in and out of the prison gates and welcomed journalists who visited them.

Four persons were reported slightly wounded in the Jewish Sabbath jail break before Sternists climbed to the roof and silenced a lone Bren gun being fired by a guard.

## ERP Rapped By Yugoslavia

PARIS, Oct. 9 (AP)—Yugoslavia sided with Russia on the economic front today rejecting all notions that it might be weaned westward toward the European recovery program (ERP).

Leo Mattes, Yugoslav deputy foreign minister, made no mention of Premier Marshall Tito's recent rift with the communists in a blistering 30-minute attack on the United States.

He said, before the United Nations 58-member economic committee, that the United States "killed UNRRA, striking a blow against the principles of the U. N. charter."

HELD ON DRUNK CHARGE David Elmer Carter, 24, Mill City, was arrested by state police Saturday night near Mehama on a charge of driving while intoxicated. He is held in the Marion county jail awaiting action of the district court.

BANK ROBBED SAN FRANCISCO, Oct. 9 (AP)—A bewhiskered gunman wearing a red shirt and slacks robbed a branch of the Bank of America of about \$1,000 today, and tonight police arrested a 24-year-old merchant seaman for questioning concerning the holdup.

## French Chief Calls Riots of Reds Rebellion

PARIS, Oct. 9 (AP)—Premier Henri Queuille told the French people tonight communist-led strike agitation was assuming the character of rebellion and the government would use all necessary means to halt it.

He spoke over the radio to a nation harassed by a six-day coal walkout and facing a general railroad strike. The mine strike has cost the nation 1,000,000 tons of coal. The communists were believed aiming at wrecking the European recovery program and toppling the Queuille government.

Communist labor bosses were increasingly busy organizing strike votes among France's 400,000 railroad workers. Some stoppages have already occurred, but the full brunt of a rail tieup was not expected before next week.

"The right to strike is a sacred right," Queuille told the French nation. "The right of a nation to live is not less sacred. The first duty of the government is to assure the life of the nation. It is not going to fail."

Congress authorized the Secretary of the Treasury to mint three-cent pieces during the war, but none was minted.

## Special Lights To Help Airlift Through Winter

WASHINGTON, Oct. 9 (AP)—To help keep the Berlin airlift running through the dark days and storms of this winter, special lighting equipment is being installed at Tempelhof field.

The air force announced today a set of 40 high-intensity lights to penetrate fog, darkness and rain will go into operation at the Berlin end of the air route in November. The equipment has been flown to Germany recently.

The lights will be installed at each side of the main runway for a distance of 3,000 feet from the end of the runway. Pilots will use them to line up for the last phase of the approach for landing.
