Spinach More Than Mere Vegetable To Steam; Serves Many More Uses

By Maxine Buren
Statesman Woman's Editor

Spinach, that subject for jokes, is really a serious well meaning vegetable which is highly popular. Joke writers to the contrary, More spinach is sold every day in the markets than other cooking greens and because those eating it like it.

Raw or cooked, spinach is the cook's little helper, for there are many ways to prepare this green. Growers are now packing it, ready cleaned, in cellophane bags so the housewife is relieved of tedious washing procedure. The spinach keeps fresh for several days when bought this way.

Spinach makes an excellent vegetable when steamed and arranged with alternate layers of cheese sauce (cream sauce with cheese melted in it) in a casserole dish. Add alternate layers of sliced hard cooked eggs to make it a main dish. Put sauce on top, with a sprinkling of buttered crumbs over that and bake in a moderate oven 350 degrees for 20 minutes or until crumbs are brown.

Combined with tuna, here is another dish that will please:

FISHMAN'S LOAF
1 cup drained spinach
1 can flaked tuna
1 egg
2 tablespoons melted butter
2 cups crushed crackers
1/2 cup grated raw carrots
1/2 teaspoon salt

Seasonings
Mix together and form into a loaf, using a little milk to moisten if needed. Bake at 375 degrees for an hour.

Spinach goes into salads to give them a tangy interesting flavor. Mixed with plain lettuce and served with French dressing, cucumber salad, it's unexcelled. Hard cooked eggs combine nicely with spinach to make another salad and finely sliced spinach mixed with some equally fine-cut lettuce and topped with cottage cheese is a good luncheon or dinner salad.

Spinach provides crispness in sandwiches. Arrange spinach leaves on bread, add cream cheese, cucumbers or tomatoes.

Spinach makes a good garnish for soups, salads or the meat platter.

Friends For McKinney

Dear Registered Voter:

You are being asked on November 2, 1948, to vote for a candidate for Salem Municipal Judge. Your present incumbent, W. W. McKinney, is asking for re-election on his record, and we feel that you should be advised of the work of the man who has served you faithfully during the past two years.

W. W. McKinney was appointed Salem Municipal Judge by the City Council on January 1, 1947. At the time of his appointment Salem had never had a municipal judge, and it became his first duty to set up the routine work necessary to establish a working court organization. This was done under most adverse conditions, as the city had provided no place for such office to be conducted. In spite of the poor working conditions and lack of any adequate court room, Judge McKinney provided the new records needed, and conducted the daily court work. During 1947, 4,575 cases were processed through the Salem Municipal Court, and in 1948 to date, 3,533 cases have been heard and decided. In nearly two years time on two decisions have been appealed to the higher court, one of which has been affirmed, and the other remains to be heard.

We say that this record of accomplishment by a man working only through the salary provided for part time is worthy of your earnest consideration, and that Salem needs to retain the incumbent Salem Municipal Judge.

We therefore ask you to vote for W. W. McKinney.

All over Oregon open-minded people are asking: Why Require Purchase of a Bottle? LEGALIZE LIQUOR BY THE GLASS!

In a scientific, state-wide survey recently completed, a reliable public-opinion research organization, which has accurately forecast the results of many Oregon elections, finds that "a majority of those who have heard of the measure (liquor-by-the-glass) would presently vote for its passage!"

This confirms a similar state-wide survey, made last spring, which found 46% of Oregon's citizens in favor of liquor-by-the-glass and 44% insisting on purchase of liquor by-the-bottle only.

It is a fact that whenever open-minded citizens or organizations have studied the measure without prior prejudice, they have found reasons for supporting this measure and no legitimate reasons for opposing it.

The Retail Trade Bureau of the Portland Chamber of Commerce says, in an authorized statement: "This Bureau is on record, through its membership, favoring amendment to the Knox Law which would permit the sale of drinks in hotels and clubs, over the bar. The reason for our taking this action is the belief that it would encourage temperance and would not necessitate individuals buying a whole bottle and consuming it immediately, if an individual drink could be purchased."

The Oregon State Federation of Labor is on record with the following resolution: "Whereas, the present system of liquor control in Oregon is not good and results in imposition of unreasonable regulations upon citizens who desire to consume alcoholic beverages, and, whereas, the sale of alcoholic beverages in hotels and restaurants and other public places should be lawful without the possession of club licenses; therefore it is resolved that the Oregon State Federation of Labor will join with any other responsible groups who initiate the change of the present law to permit the free and open sale of beverages of alcoholic content by responsible licensed businesses without the present cumbersome restrictions."

On February 21, 1948, Oregon's largest newspaper, The Oregonian, said editorially: "The privilege of buying

liquor by-the-drink would be appreciated by tourists, many of whom complain of the present system. It would encourage hotels, restaurants and entertainment clubs to improve their facilities. But without considering these benefits to business, one also may hope for a decline in drunkenness in public places and rapid diminishment of bootlegging if there is licensing and strict control of legitimate outlets for sale of liquor by-the-drink."

Seth F. Harper, superintendent of the State Liquor Dispensary in our neighboring state of Idaho, in a letter dated August 26, 1948, said: "I am certain that with the high license and bond, careful state regulations regarding the sale of liquor, and a good enforcement operation, sale of liquor by-the-drink can be a decided factor in a temperate regulation of the use of alcoholic beverages."

EVEN ITS FRIENDS WILL ADMIT THE KNOX LAW IS FAR FROM PERFECT!

C. C. Chapman, of The Oregon Voter, has been critical of this measure for reasons of his own, but in the issue of August 7, 1948, he has this to say: "Oregon's Knox Law seemed the best way to compromise between prohibition and the saloon. It has worked out fairly well. Under it there have been no centers for drinking of hard liquor except the home, the licensed club or the licensed establishment to which the purchaser could take his own bottle and have service of his own liquor. Conditions have not been satisfactory to anyone, but they have approached a moderate acceptability."

In a recent published statement, Mrs. Ruth E. Tooze, state president of the W.C.T.U., typical of the organizations working against the liquor-by-the-glass measure, said "Let me emphasize again that the Oregon Women's Christian Temperance Union is now, as in the past, opposed to all liquor sales, whether they are sales by-the-glass, or sales by-the-bottle through the state liquor control system operating under the Knox law or any other law."
