

Grain Cereals Move Higher

CHICAGO, Nov. 4 -(AP)- Buying of grains, touched off by the surprise election results, continued on the board of trade today. All cereals moved higher with the biggest gains in July and September wheat, where previous short sellers decided they were on the wrong side of the market. The July wheat contract came

within 1/2 cent of its seasonal high while September, in which there has been trading for only about a month, made a new seasonal top: At one time gains ran to more than 4 cents in these contracts, but some late profit - taking shaved that advance. Wheat closed 38-338 higher,

orn was %-1% higher, oats were unchanged to 1/8 higher, rye was 1% to 2 cents higher, soybeans 2-1957. were 234 to 5 cents higher, and lard was 15 to 45 cents a hundred pounds higher.
