

## Late Returns Confirm City Ballot Results

City election results were unchanged Thursday when an unofficial count of all 36 precincts was completed by City Recorder Alfred Mundt.

Daniel J. Fry remained alderman in ward 4 as he defeated Elmer M. Amundson 881 to 520. In ward 6 Tom Armstrong was chosen alderman over incumbent Robert DeArmond and George Cadwell. Armstrong drew 853 votes, DeArmond 772 and Cadwell 660.

The proposal to install a commission government to replace the city manager was rejected by a 4,151 to 8,023 vote.

The initiative providing for shorter working hours for city firemen was passed, 7,505 to 5,804 — a 2,201 margin. The measure will reduce the fire-fighters' work week from 72 to 63 1/2 hours and provide money for hiring about 20 more men.

## U.N. Council Tells Israel To Withdraw

PARIS, Nov. 4—(AP)—The United Nations security council tonight called on Israel to withdraw from positions won in the recent offensive against the Egyptians in the Palestine desert.

The action was taken after the council approved an American request to eliminate the threat of sanctions.

A resolution calling on Israel to withdraw was passed nine to one. Russia abstained and the Ukraine voted against.

An American amendment stripping the resolution of its threat of sanctions was adopted without debate. It was offered by Dr. Philip C. Jessup.

The resolution, sponsored by Britain and China, asked for withdrawal in the southern desert by both Israeli and Arab forces to positions held on October 14.

This would apply mainly to Israeli troops who launched an offensive on that day which pushed Egyptian forces back in the southern Negev.

## Tension High In Uruguay

MONTEVIDEO, Uruguay, Nov. 4—(AP)—Guns were drawn and fists flew in congress today but there were no casualties.

Fernando Farina, minister of industry and commerce, charged members of the Herrerista nationalist party — the government's chief opposition — tried to blame him for an error committed by the national packinghouse.

The error, he said, consisted of selling meat abroad obtained from Argentina on the promise it would be used domestically.

## U.S. Bolsters Equipment of French Troops

FRANKFURT, Germany, Nov. 4—(AP)—The United States has secretly revitalized three French divisions with new military equipment to help boost western Europe's armed strength, unimpeachable sources said today.

These informants, who cannot be quoted by name, said the U.S. armed forces have "loaned" \$5,000,000 worth of such equipment to the French.

This move was disclosed as Washington dispatches stated President Truman's foreign policy will be dominated now by the issue of how much the United States will give to bolster western Europe's defense.

It came too on the heels of fresh reports that the Russians are building up a tank-equipped German army in their occupation zone.

The informants said the U. S. army in Germany has been turning over equipment from reserve stocks and other equipment was ordered from the United States. The supplies include new tank motors, radios and all other ma-
