

'Mum' Show Held Tuesday At Oak Grove

By Lillie L. Madsen
Garden Editor, The Statesman

OAK GROVE, Nov. 9—Holding its first fall flower show since the war, Oak Grove Garden club today staged one of the most attractive chrysanthemum shows seen in local rural communities this season. The judges, Mrs. J. B. VanCleave and Mrs. Virgil Sexton of Salem, complimented the local committees upon the neatness and excellent arrangement of the show, while Mrs. Nellie White, president, said the club, now 11 years old, "is just in its infancy in learning."

While chrysanthemums predominated, one section was devoted to roses, showing a goodly number of fine specimens in spite of recent frosts. Mrs. R. W. Hogg had the largest rose display and visitors commented upon the disease-free foliage, which Mrs. Hogg said was due to persistent spraying and dusting throughout the season.

Mrs. E. L. Herrell was chairman of the show with Mrs. Warren Allen chairman of the silver tea held in connection with the show. Part of the proceeds will go toward the conservation-of-myrtlewood fund, club members explained.

Prize winners were: Disbudded chrysanthemums, one in vase, Mrs. E. L. Herrell, Mrs. Clara Brunk and Mrs. Warren Allen; three in vase, Mrs. Clyde Picha and Mrs. Ora Lantz, Oak Grove Garden club flower, Apricot Queen, Mrs. Picha and Mrs. Allen.

Groups Back State Capitol Planning Board

The 1949 Oregon legislature probably will be asked to appoint a capitol planning commission with the responsibility for orderly development of the proposed state capitol group in Salem.

Salem's long range planning commission Tuesday night decided to join with the Oregon chapter of American Institute of Architects in proposing such a commission to the legislature. Committees of the two groups will evolve a plan for creating a state body to specialize in building work, along the lines of the Fine Arts commission in Washington, D.C.

Eight Portland and Eugene architects of the Oregon chapter met with the local commission in a dinner session in Hotel Senator. The proposed development of state buildings and park north from the capitol to North Mill creek, as prepared by Commission Engineer C. A. McClure will be studied by the architects' committee on civic design.

Architects meeting with the commission were Dean Sidney W. Little and Prof. W. S. Hayden of the University of Oregon's school of architecture in Eugene and Frank Roehr, Glen Stanton, Herman Bookman, Holman J. Barnes, Clarence H. Wick and Walter Gordon of Portland.
