

Cascade Highway Groups Lay Plans in Springfield

STAYTON—The Cascade Highway association, meeting Monday at Springfield, heard reports of the recent session held in Portland between representatives of the group and the state highway commission.

Arrangements are to be made by directors from the various cities represented in the association to contact their legislative representatives prior to the coming session.

Purpose of these contacts is to acquaint these men with the objectives of the group and to solicit their assistance in getting recognition in allocation of funds and designation of projects. A conference with the bureau of public roads is also being arranged.

Active in the original Cascade highway association, H. W. Maxey, publisher of the Springfield News, told how that group had acceded to suggestions by other

highway groups that it withdraw its demands for highway funds. These other groups contended that the Cascade demand would open up a flood of other highway requests with resultant injury to an overall highway program. He was of the opinion that this had been a serious error in view of the manner in which the Cascade route has been neglected since.

Attending Monday's meeting were H. S. Burge, L. G. Raish, county-commissioner-elect; Oscar L. Shookly, Guy S. Wright, Lew Garbutt, Steve Edwards, M. O. Sanders, A. M. Knapp, W. B. Marshall, H. E. Maxey, all of Springfield; Ben Fisher, Joe M. Cochran, Brownsville; Arthur Schaefer, P. N. Schunk, Carl Farmer, Scio; L. E. Spraker, M. Van Driessche, Stayton.
