**Malaria Nearly Stamped out in U.S.**

NEW YORK, Dec. 16—(AP)—The United States is on the verge of

completely ending malaria in this country.

About three more years' use of the insecticide DDT should do it, Dr. S. W. Simmons, of the U. S. public health service, Savannah, Ga. reports.

Malaria, known as chills and ague, afflicted nearly half the people of the United States until about 50 years ago. Since then mosquito campaigns have gradually reduced it, until only about 20 states now have this disease.

**Elizabeth with Infant Prince**

LONDON, Dec. 16—Princess Elizabeth of England, heir apparent to the throne, holds in her arms her month-old son, in Buckingham Palace. The child was christened Prince Charles Philip Arthur George of Edinburgh at christening ceremonies conducted by the Archbishop of Canterbury. (AP Wirephoto via radio from London to The Statesman).

**Suit Protests Road Block In Silverton**

Litigation to remove a road block from in front of the Iverson residence on Hill street in Silverton was begun in Marion county circuit court Thursday. The complaint charges that William S. Sherman and Irene C. Sherman, owners of the property at 707 Oak st. just in front of the Iverson home, have obstructed a road which the Iversons use to reach their house. Plaintiffs are Ellen S. Iverson, Ellen Marie Iverson and D. N. Iverson, owners of the house cut off from Oak street by the Sherman property. The complaint alleges the Iversons have an easement right-of-way through the middle of the Sherman property to their home. The Shermans, according to the complaint, have built a stone wall across the road and have piled

dirt on it. The complaint asks that the obstruction be removed and plaintiffs also seek \$1,500 damages.

**JUSTICE APPOINTED**

Appointment of Arthur F. Niemann, Fort Orford, as justice of the peace of district No. 3, Curry county, was announced by Governor John H. Hall here Thursday.

**Kidneys Must Remove Excess Acids**

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Kidneys may need help the same as bowels, so ask your druggist for Doan's Filix, a standard diuretic, used successfully by millions for over 60 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Filix.

**Dimes Drive Headquarters Opens in Salem**

Marion county's "March of Dimes" campaign to raise funds for combating infantile paralysis started officially Thursday when drive headquarters opened in room 228 of the Oregon building.

Elmer Church, county chairman of this year's drive, announced that Mrs. Phyllis Todd has been appointed campaign secretary to manage office operations.

Church said soliciting of commercial and industrial businesses will be handled this year by the Salem Shrine club. Mrs. Lena Newmyer is chairman of the women's division and will be assisted by Mrs. Charles Boyer, co-chairman.

The women's division chairmen will work through the Salem chapter, Daughters of the Nile, which will solicit among the professional men's group.

Church also announced that the Salem Shrine club will sponsor the annual "March of Dimes" dance at the Salem armory in January. The Salem 20-30 club, with Gene Malecki as chairman, will sponsor a benefit smoker at the armory some time in January.

**Graupel Falls In New York**

NEW YORK, Dec. 16—(AP)—New York City had a graupel (honest to goodness, that's right) storm yesterday.

But New Yorkers, literal minded as they are, thought it was snow because it looked like snow, felt like snow and stuck to the sidewalks and buildings like snow.

But, no, the weather bureau said, it was graupel.

"That's the international designation for this stuff that's a mixture of frozen rain and sleet and stuff that looks like snow," a spokesman said.

A few hours after the . . . er, uh . . . graupel fell, real snow began. The weather bureau predicted about an inch would fall before

**Rotary Club Hears High School Choir**

The Salem high school choir presented its Christmas music program at the Wednesday luncheon meeting of the Rotary club at the Chamber of Commerce. The choir was under the leadership of Lena Belle Tartar.

Next week's meeting will also be held at the chamber of commerce with the annual Salvation Army Christmas party scheduled.

**Box Factory Fire Quelled**

City firemen were called to the Salem Box company at West Salem Thursday morning when a sawdust line in an incinerator caught fire.

The blaze was extinguished within a few minutes and no damage resulted, the firemen said. Equipment was also sent to 1075 S. 20th st. later in the day when a house fire broke into flames. No damage was done, according to the firemen.

**Bang's Disease Case Appealed**

The state department of agriculture filed an appeal in the supreme court Thursday in the case of the department's suit against Joe Schriber of Tillamook, charged with violation of the Bang's disease control law.

Schriber was indicted in Tillamook county justice court and later filed a demurrer in the county's circuit court asking that the case be dismissed. Circuit Judge R. Frank Peters upheld the demurrer and dismissed the suit on grounds that the indictment failed to definitely define Bang's disease.

The word "Riviera" is derived from the Latin word ripa, meaning bank and the portion between Nice and Genoa is usually referred to as "the coast of the setting sun."

temperatures would rise and bring more graupel.
