With Watson at the Legislature
It's Getting So a Body Can't Put Out a Dollar Without Publicity

Never again will Tom Dewey, or Harold Stassen, or any other big league republican be allowed to come romping into Oregon to disturb the even tenor of the democratic way of life without filing their expense accounts with the secretary of state. Not if Senate Bill 98 has anything to say about it.
Senate Bill 98 came flying into the senate under the four-cornered gonfalon of Sens. Neuberger, Flegel, Holmes and Mussa, all staunch disciples of the DWOL.
With the exception of Senator Flegel, the sponsors of the measure were not extant, or at least not politically conscious, back in the wide-open days when democratic candidates for president and vice president were in the habit of vying more or less strenuously one against the other in the Oregon presidential primaries. That was back before Woodrow Wilson set the democratic practice of having but one presidential candidate on the party ticket, a practice which was followed by Roosevelt and lastly by Truman with entire and continued success.
But the republicans have not been of such a placid and harmonious mind. One can remember back when Wendell Willkie came out of the east and kicked up quite a disturbance in the Oregon primary. And there have been others, including Mr. Dewey and Mr. Stassen of not so long ago.
Now, an inter-party scrap is a mighty fine thing to have around once in a while. It stirs up the animal and starts things rolling along. But it is not just kosher, or according to the creed of the DWOL, for the republicans to have a lot of entertainment and not pay for the fiddler, or at least not tell the other side how much inflated currency was scattered about during the course of the show.
So, Senate bill 98 is geared to put a stop to so much republican hilarity being spread around on the hush hush. It whittles the candidates for president and vice president down to fit along in the same niche with dairy and food commissioners, inspectors of workshops, superintendents of a water division or senators, and makes them come clean with an itemized sworn statement setting forth in detail all the moneys contributed, expended or promised by him to aid or promote his election.
Also he is to dig up 'all existing unfulfilled promises of every character.'
This confession is to be filed with the secretary of state within 15 days after the primary election.
When you look under the blanket it just shows how this DWOL whipsaws the boys on the other side. Here, Mr. Dewey and Mr. Stassen come all the way out west to Oregon and put on a show and spent a lot of jack for bus fare and what not and then have

Senate Votes New Powers For Governor

A bill authorizing the governor to regulate electric power distribution during critical shortages was passed in the senate Friday and sent to the house where quick approval is forecast.
The measure was written by Sen. Thomas R. Mahoney, Portland. It would permit the governor to regulate consumption of power through the public utilities commissioner. Mahoney said he introduced the bill because current voluntary conservation of power has apparently failed.
Another senate bill passed would allow a component part of a union high school district comprising more than 50 per cent of the district's population to have two directors on a board rather than only one.
The senate also approved and sent to the governor a house bill to permit the Columbia Pioneer cemetery, where more than 400 pioneers are buried.
A house joint resolution adopted in the senate permits the income division of the state tax commission to establish temporary quarters in the forestry building.

Standard Salary Scales for Counties' Officials Proposed

Two measures introduced in the senate Friday would relieve the legislature of passing separate salary bills for each county.
The bills were introduced by Sens. Jack Lynch, Allan Carson, Marie Wilcox, Truman Chase, Frank Hilton, Phil Hitchcock and Russell Gardner, and Reps. H. P. Henderson, W. W. Chadwick, Earl Hill, Rudy Wilhelm, Ralph Moore and Earl L. McNutt.
The bills were the outgrowth of a plan proposed by Marion County Clerk Harlan Judd. They would divide Oregon counties into six separate categories with different pay scales for county officials in each group. By the arrangement, salary scales would be changed by groups, eliminating the necessity of numerous pay bills every session.
The proposed divisions and salaries:
Class I - (up to 10,000 population) - Clerk, sheriff, assessor, school superintendent and judge, \$3,200; treasurer, \$2,500; commissioner, \$10 a day.
Class II - (from 10,000 to 24,000) - Clerk, sheriff, assessor, school superintendent and judge, \$3,600; treasurer, \$3,000; commissioner, \$10 a day.
Class III - (from 24,000 to 50,000) - Clerk, sheriff, assessor, school superintendent and judge, \$3,900; recorder, \$3,640; treasurer, \$3,500; commissioner, \$10 a day.
Class IV - (from 50,000 to 100,000) - Clerk, sheriff, assessor, school superintendent, judge, commissioner, \$4,200; treasurer, \$3,900; recorder, \$4,000.
Class V - (from 100,000 to 250,000) - Clerk, sheriff, assessor, school superintendent, judge and commissioner, \$4,800; treasurer, and recorder, \$4,400.
Class VI - (from 250,000 and up) - Clerk, \$6,000; sheriff and assessor, \$6,600; treasurer, \$4,800; school superintendent, \$5,400; commissioner, \$5,000.
