

Silverton PTA Hears Morris

SILVERTON—Successful functioning of government is dependent upon the education of its citizens, Victor P. Morris, dean of school of business administration, University of Oregon, told the Parent-Teacher Founder's day meeting here.

Dean Morris pointed out that education for responsible living is the most important thing that can be taught students, and the more modern conveniences that are created, the more important is that education for responsibility, adding that "in yesteryear, the drunken driver got home safely because his horses weren't drunk. Today is a different story."

Reports made at the meeting were that the PTA association now has 428 members. The Bird house contest, sponsored by the recreation committee, closes on March 4. Olga Johnson, committee chairman, reported that the Silverton PTA student aid committee needed contributions of clothing, shoes, stockings and other clothing. Clothing for the school children of Coblenz, Germany will be gathered at the March meeting.

Past presidents of the Silverton PTA present were presented with gardenias and included Mrs. Helen Wrightman, Mrs. John Hoblitt, Mrs. Martin Hannan, Mrs. F. J. Roubal, Mrs. Helmer Brockie, Hannah M. Olson, Mrs. Ole Meland, Mrs. Gordon Van-
