display beginning Saturday March 5

Let us show you all the new features of this great car

Here is what thoughtful people everywhere have been looking for and hoping for!

Here, at last, is a car that gives you all the best features of modern design without demanding sacrifices of your family's comfort, safety or convenience. It was designed to fit YOU... instead of you having to fit into it.

You don't have to wriggle into the new De Soto. You walk in... and you keep your hat on. The steering wheel doesn't hit your knees. There's more leg room for all passengers, front and back. And not only are the windows and windshields bigger.

You can see out of them... because you're sitting on luxurious chair-high seats.

Yes, it's a thrill to look at. But you won't have to rebuild your garage to get it in. A dented fender doesn't mean an expensive body job. And you can still change a tire, if you have to.

Ride? The smoothest you ever had. Drive? De Soto lets you drive without shifting. New features? Come in and see them all. No matter what car you thought you were going to buy, compare it with this brilliant new De Soto. Then decide.
