Committee to Rule on County Memorial Fund

Marion county court Tuesday referred to the county budget committee a request from American Legion, Aurora post 110, and Veterans of Foreign Wars, post 9745, both of Aurora, seeking funds for a veterans' memorial at that town.

A special measure calling for a \$25,000 veterans memorial appropriation was placed on the ballot last November and defeated by voters in this county.

A 1947 law, however, authorizes counties to set aside \$25,000 for veterans' memorial purposes. Under that law the deadline for filing petitions for the funds was set at July 1, 1948.

The county court pointed out Tuesday that only two petitions had been received prior to the deadline date. They were from the Aurora legion post and VFW of Salem. The court has yet to decide if it will appropriate any funds and has shifted the burden to the budget committee, which will meet probably in May.

He warned strongly against organizations, such as communists and "leftist" groups, being given too much freedom in this country. "Such organizations made it easier for the Germans to occupy Norway and other countries," the speaker said.
