NEW YORK, April 5-(AP)—Former congressman Ellsworth B. Buck, 55, was shot down in front of his Staten Island office today and seriously wounded. His assailant was captured moments later.

A former merchant marine engineer, Charles Van Newkirk, 57, of Amherst, N. H., was arrested and charged with felonious assault. District Attorney Herman M. Thersfeldt, a witness to the shooting, said he was investigating the possibility that Van Newkirk sought revenge for the loss of a job during a congressional investigation.

Buck was struck by three bullets from a .38 caliber target revolver. They entered his back, his left thigh and left hip.

At Staten Island hospital, physicians said Buck's condition was serious but that he was expected to live.

Van Newkirk, police said, admitted the shooting but refused to give any motive for it.

"I had my own personal reasons," he was quoted as telling officers.

Buck, one of Staten Island's most prominent citizens, was a republican representative from New York's 16th congressional district for three terms.

He retired from politics last December 31 after refusing renomination.

# Valsetz Road Subject of Polk Consultations

By Charles Ireland  
Dallas Correspondent, The Statesman

DALLAS, April 5-(Special)—A group of local businessmen met with the Polk county court Tuesday to probe possibilities of a better road to Valsetz.

Charles Thomas, spokesman for the 32 merchants present, asked the court to recommend how to improve the road permanently. Many of those present have indicated willingness to make substantial cash contributions to help better the rugged 12-mile stretch from Falls City to Valsetz.

County Judge C. F. Hayes told the group that rock is being placed on the road at present. A second layer of finer rock, he said, would be worthwhile investment.

A suggestion that the road be oiled was considered a waste of money by the court.

Dallas businessmen always have felt concern for the Valsetz road, which leads to one of their lushest trade areas. Their concern was heightened this spring when seasonal thaws closed the road nearly three weeks following excessive snow in that area.

Hayes told the delegation there were other roads in Polk county that actually needed repair more than the one in question. However, he indicated his desire to work and cooperate fully with them in improving the Valsetz road. He is expected to make a formal recommendation soon regarding their desire to assist with permanent improvements.

The communique listed 150 guerrilla casualties, including 132 killed, up to last night, and 247 government casualties, including 67 killed.
