"At our board meeting last month," said Sprague, "we recommended specific increases over

Labor Unions Participate in CARE Drive

Salem labor unions are participating in a nation-wide American Federation of Labor campaign to send CARE food and clothing packages to Europe and Japan, Herbert Barker, executive-secretary of the Salem Trades and Labor council said Wednesday.

The drive is being conducted this month by the labor league for human rights, official relief arm of the AF of L. The appeal for contributions with which to purchase CARE packages will be carried to "every member and local," Barker said.

"On behalf of the board I have written the Oregon congressional delegation urging that the appropriation be made adequate for proper administration of this great resource in which counties of western Oregon have a vital concern."

The advisory board's recommendation included: Increase from \$14,000 to \$50,000 for tree planting and forest fire protection; from \$94,650 to \$200,000 for making of forest inventory; from \$250,000 to \$1,000,000 for forest roads and an additional \$200,000 for forest management and research.

The law directs that these lands be managed on a sustained yield basis," said Sprague, "but congress has never appropriated enough money to do the job. This is poor economy because these lands yield substantial revenues for the treasury and the counties. These funds can be sustained only if the lands are properly classified and managed. I hope our delegation will do effective missionary work for this cause."

A similar CARE campaign has been in operation in Salem locals for several months past, Barker said. A number of locals have already dispatched food and clothing packages to Europe, he stated.

Rep. Norblad Asks Tax On Non-Commercial Entertainment Eased

WASHINGTON, D. C., April 6 — Rep. Walter Norblad (R-Ore) has introduced legislation to exempt religious, school, and charitable entertainments from payment of admission tax.

"Church and school programs provide their only method of raising money for many worthy causes and we should encourage rather than discourage this type of entertainment," Norblad said.

The revenue raised from this source is trivial while the burden this tax places on these non-commercial entertainments is very material to most of them."

House in Favor Of Asking Hoover Report Adoption

The house adopted and sent to the senate Wednesday a memorial asking congress to implement the report of the Hoover commission on governmental reorganization.

Vote was 45 to 10, largely along party lines.

Opposition led by Rep. Phil Dreyer of Portland, who sought to return the memorial to committee, was based on the contention that not enough was known of the Hoover commission's report to warrant giving it blanket approval.

Dreyer did not oppose the report, declaring he would probably be 99.4 per cent for it if he knew what it contained.

Bill Prohibiting Reds on State's Payroll Signed

Gov. Douglas McKay Wednesday signed into law a bill prohibiting communists from working on state jobs.

Introduced by Sen. Jack Bain, Portland, the measure would require state department heads to fire any person known to advocate overthrow of the state or national government by force.

It would also ban the civil service commission from hiring anyone who is a communist.

The bill passed both houses almost unanimously.
