

General Fund Appropriation \$102,078,090

General fund appropriations of the current legislature for the next biennium was unofficially reported at a meeting of the joint ways and means committee Wednesday as \$102,078,090. Budgeted items, including liquor revenues of \$17,000,000, total \$83,955,451. In addition to budgeted items the appropriations include \$8,000,000 covering the proposed state building program, \$2,863,020 contained in bills already approved by the legislature, \$106,830 involved in bills and resolutions now pending, and a deficit of \$6,430,089.10 carried over from the 1947 legislature.

The original budget as approved by the governor and state budget department aggregated approximately \$66,000,000, not including the liquor revenues.

Officials predicted that with receipt of corporate excise tax revenues in the general fund beginning July 1, this year, the general fund appropriations would be well under the estimated receipts. Corporate excise taxes are now being received at the rate of approximately \$18,000,000 a year. A cigarette tax, intended to supplement the general fund appropriation for the state building program, was expected to be reported out by the ways and means committee today. It was estimated the cigarette tax would raise \$3,500,000 a year.

Also approved by the committee was a bill increasing the salaries of district attorneys in a total amount of \$89,000 during the next biennium.

There was no opposition to increasing the salaries of circuit judges from \$7500 to \$8500 a year.

Tornadic Wind Beats Georgia

MANCHESTER, Ga., April 13.—(AP)—Tornadic winds lashed Manchester late Tuesday, leaving four known dead, several injured and damage running into the thousands of dollars.

City Manager William C. McLemore said all power lines were knocked out, leaving the town of 5,000 in darkness.

Crushing winds, hail and rain demolished four or five houses and crumbled the walls of two stores in the west central Georgia town.

Names of the dead and injured were not available.

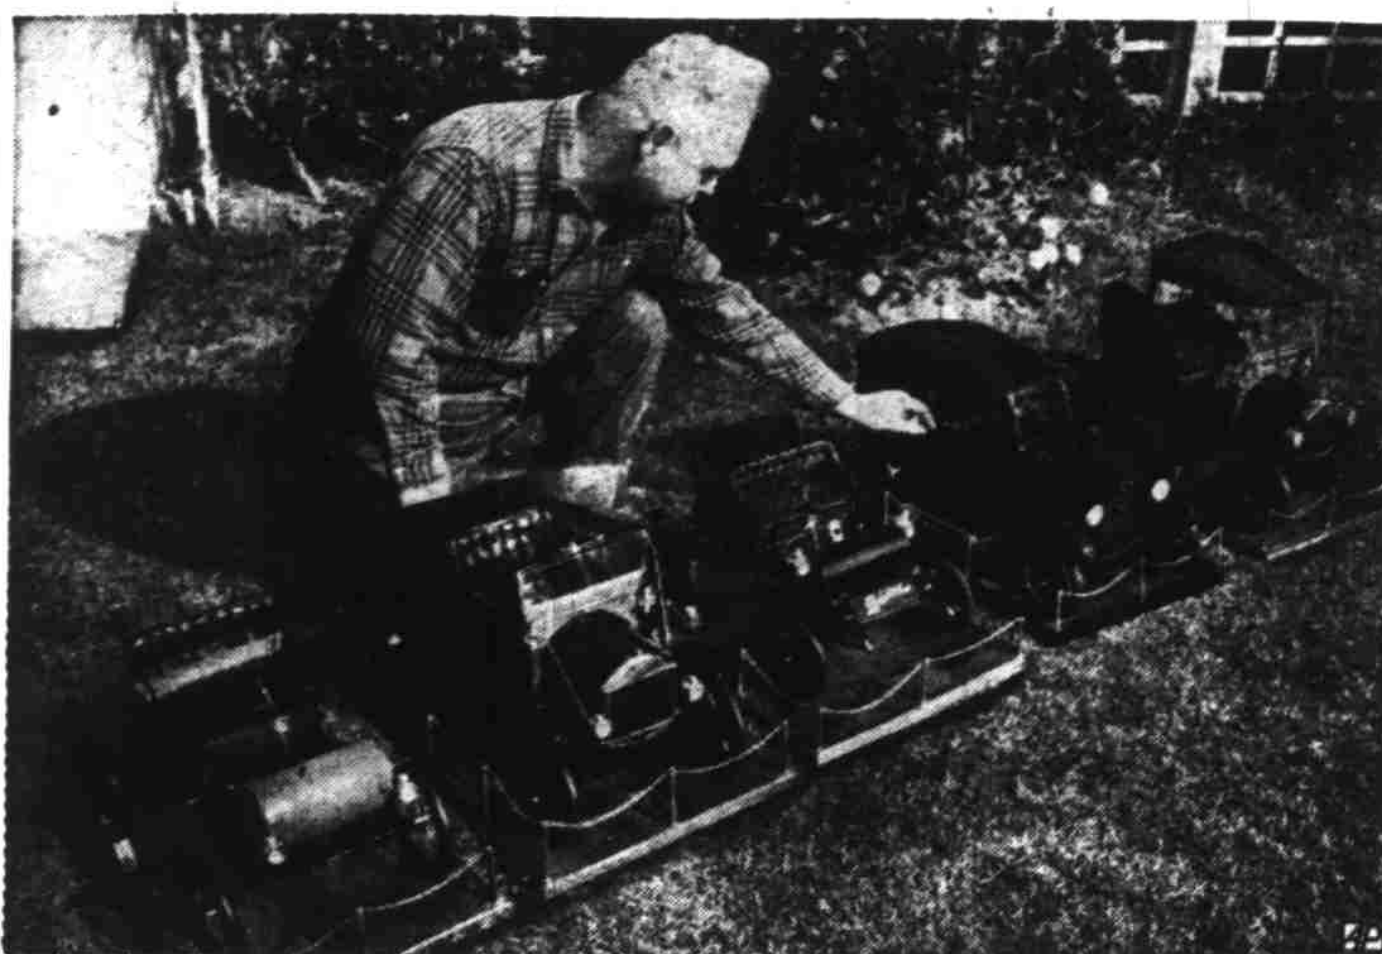

Later tonight, a windstorm hit in the Griffin area, about 40 miles south of Atlanta, causing some property damage. There were no immediate reports of casualties.

Town Driv as Tank Collapses

KLAMATH FALLS, April 13.—(AP)—Sprague river was a dry town today, literally.

The town's 20-year-old wooden water tank collapsed yesterday, and the 400 Klamath Indian reserve inhabitants were left with empty taps.

The 124 school students drew a vacation while workmen tried to patch the old tank for temporary use.
