Strong Rally in Grain Market

CHICAGO, April 26—(AP)—Grain futures closed with a strong rally, after dallying through the greater part of today's board of trade session. The sharpest advance came in deferred wheat contracts when traders received reports of dust storms in the Canadian grain provinces.

At the finish wheat was 1 1/4 to 2 1/4 higher, corn was 3/4 to 1 cent higher, oats were 1/2 to 3/4 higher, rye was 1 1/4 higher, soybeans were 2 1/4 to 3 cents higher and lard was 20 to 48 cents a hundred-weight higher.

The real upward swing came in the last half hour of trading. Up to that time mild irregularity had marked the trading, with May wheat showing a tendency to lag, while deferred contracts displayed firmness.

Demands Rush Stocks Ahead

NEW YORK, April 26—(AP)—Half-hearted demands nudged the stock market ahead today.

The advance was far from decisive for gains were limited and a substantial bloc of issues backed down a bit. A majority of stocks, though, showed gains of fractions to around a point.

Business picked up a bit after yesterday's slow market. Turnover of 870,000 shares compared with 740,000 Monday, one of the slowest totals of the month.

The Associated Press average of 60 stocks advanced 2 of one point to 63. The industrial group made the best showing with the rails only slightly ahead and the utility section unchanged.

Of the 1,010 issues which appeared on the ticker tape, 453 advanced and 305 declined.

How many citizens of Marion county are dog owners? Your answer would probably be, "Most of them," but the \$64 question is yet to come. How many of these citizens could afford to pay \$750 plus for the privilege of owning a pet? That's a lot of cash even in these inflationary times, but it's the exact amount a judge ordered the defendant in a damage action to pay a woman bitten by his dog.
