School Budget **Tops \$2 Million**

(Story also on page 1.) A Salem district school budget

calling for a vote on \$717,475 outside the 6 per cent tax increase next year at \$2,085,127, all of it in the general fund except about \$55,000 in bond retirement.

Commenting or the increase of some \$300,000 in Se amount to be voted on this year, Superintendent Frank B. Bennett said much of it represents an accumulation of school plant needs which have been put off during the late depression and wartime period. As an example he pointed out that day.

Of the increase, \$141.891 comes under "capital outlay," including in building alterations \$58 000 \$21,000 in equipment for new buildings, \$13,2000 to hard-surface play areas at 11 schools and \$20,-000 for new school sites.

Permit Supervisor

Other big increases include \$26.and \$25,000 in plant operation (in- Capitola or additions like those cluding new oil heating costs and contemplated for Englewood and added janitors for new schools). A school lunch increase of \$4.000 covered by the band issue for exwould permit hiring a full-time supervisor. Textbooks required by state will cost \$10,000 more this accounts. year and state retirement act changes by the legislature this year

will add \$13,000 to the district's bill. For \$7,480 the district would place half-day office assistants in vided.

Relation of general fund items high school. for building and equipment to the \$1,500,000 school bond issue of last year brought questions from citizen members of the budget committee. The bond issue is financing

sessions.

YOU'VE GOT TO DRIVE IT TO BELIEVE IT! You've driven cars with good response. You probably know of engines that are smooth . . . quiet ... economical. But you can't know how Futuramic in performance an engine can be-until you drive a "Rocket" Engine Oldsmobile! It's an entirely new kind of motoring experience-because the "Rocket" is an entirely new kind of engine!

HIGH-COMPRESSION IS ONLY HALF THE STORY! It's true that the "Rocket" has a high compression ratio . . . 71/4 to 1, in fact. But that's not all. To eliminate noise and vibration, Oldsmobile engineers designed a completely new engine that gives you this high-compression dividend of spectacular action . . . with even greater smoothness and quietness than before.

FIRST OF THE ENGINES OF THE FUTURE! The Oldsmobile "Rocket" begins a new era of Futuramic power. It takes the fullest advantage of present-day fuels. It squeezes more performance from every drop of gasoline. It establishes a lead that other engines will follow in the future.

TRY-"THE NEW THRILL"! Your best test of the "Rocket" will come when you feel that smooth, gathering surge of power yourself. We urge you to see your dealer soon ... to try this "air-borne sensation" in either the luxurious Oldsmobile "98," or the spectacular new Oldsmobile "88"-the lowest-priced "Rocket" Engine carl
