McKay Endorses Eagles' Aid Cause

Official endorsement of a continuing movement of the Fraternal Order of Eagles to guarantee health care and educational opportunity to 1,263 boys and girls whose fathers died in World War II, was given by Gov. Douglas McKay here Tuesday.

The governor purchased from Gerald W. Mason, Portland, state president, a sheet of special commemorative stamps in support of this cause.

At a conference in the executive department T. T. Turner, state director, explained that the memorial foundation of the Eagles was conceived in 1944 while the war was in progress in both Europe and in the Pacific.
