Express Drivers Receive Safety Awards

A total of 19 years of safe driving without an accident in Salem city limits is represented above by drivers of the local Railway Express agency. Police Chief Clyde A. Warren, who presented agency's safe driving cards to the men this week, is shown at left handing a five-year card to N. C. Maness. The others, left to right, are: C. A. Loosner, five years; B. W. Harris, three; E. R. Hudson and L. D. Flux, both two; C. Jorjensen and Theodore Barry, both one year; and W. A. Link, Salem agent. (Statesman photo.)

Stocks React To Day's News

NEW YORK, May 7 (AP)—For one day this week the stock market behaved as though it had some relation with the outside world. Prices responded decisively to the day's news. Only 240,000 shares of stock changed hands and prices barely stirred. A week ago turnover was 310,000.

News that the Berlin blockade would be lifted gave the market its biggest flip forward in the past five weeks on Wednesday. The general level of prices hovered close to the highest in a couple of months. Individual issues advanced fractions to a peak of 3 points or so, with a number at top quotations for the year.

Saturday's trading resulted in just about a dead heat. Only 592 individual issues appeared on a slow-moving ticker tape. Of these 179 advanced and 208 declined.

The Associated Press average of 60 stocks remained at 63 1/2, which compared with 63 at the close last Saturday.

VALUABLE AUTOMATIC CAR WASHER FRANCHISE AVAILABLE

Increasing Demand for New, Faster Car Wash Requires Another Station in this Area

The Mini-Man Automatic Car Washers now in daily operation across the country have proved conclusively that the demand for this new type of car service can be an extremely profitable field for you if you get into it at once.

The pioneering is completed. Over 120 stations are in operation right now. Very shortly the owners of over 200 stations will be realizing unexpected high profits from this novel, efficient, time-saving business that has captured the imagination of the motorist everywhere.

Many Excellent Areas Are Still Open

Cities such as Detroit, New York, Peoria, Chicago, Los Angeles, St. Louis, Houston, Boston, New Orleans, San Francisco, Des Moines, Portland, Maine, Seattle, Denver, Washington, D.C., etc. already have some installations. But more franchised locations in these and other cities of all sizes are available and should be taken up at once to meet the growing demand. Smaller communities with less potential business may be restricted to even a single station with obvious advantages to the holder of exclusive rights to all the local as well as tourist business. In any case, the holder of a Mini-Man Franchise is fully protected.

Upwards of 300 cars per day are being washed by most stations. Some report business averaging 500 per day, while one recorded a 1000 car day! With no station charging less than \$1.00 per car and with only a nominal amount of labor needed, the entire cost of the machine is soon written off.

An exclusive franchise to own and operate a Mini-Man Washer is available in this area right now

Special experience in this field is not required; present successful owners include, among others, an accountant, restaurant owner, teacher, chemist, as well as a number of operators of automobile service establishments.

If you now have or are able to secure or erect a building with a minimum floor space of 20 x 100 feet on (or adjacent to) a well-traveled location and can arrange for the purchase of the machine on which financing is available, the Mini-Man can prove very valuable to you. Apply for additional information (supplied without obligation) to:

MINI-MAN, Incorporated 427 Penobscot Bldg. Phone: Woodward 5-140C Detroit 26, Michigan
