MONMOUTH—Shown is the architect's sketch of the proposed new Independence-Monmouth high school. The building will be constructed on a 40-acre site between the two cities if voters approve a \$400,000 bond issue to finance it Monday, May 23.

Architects for Proposed Polk School Named

MONMOUTH, May 19.—Arnold and Kennedy, Portland architects, have been chosen to draw plans for the proposed new Independence-Monmouth high school, the district school board announced today.

A \$400,000 bond issue to finance the building is set for a vote of the district in a special election in the two cities Monday, May 23.

A school board spokesman said the school board has approved the architects' plan for the new school. The plan calls for a 100,000-sq-ft building with 12 classrooms, a gymnasium, a cafeteria, a library, a music room, a shop, a home economics room, a science room, a health room, a vocational room, a playground, and a parking lot.

The new school will be built on a 40-acre site between the two cities. It will provide for 1,000 students. The new school will be built in the month of Independence High school.

WE ARE BEING PICKETED

I charge the local Union with being unfair to my business, unfair to my clerks and unfair to the many thousands of American Citizens who have traded at my store and enjoyed some of the greatest bargains in the State of Oregon.

The question at our store today is: "Why the picket?" I will try to answer this question as it was told to me. The Union representatives said, "We are picketing your store because you are Non-Union." I said, "What do you mean? There are hundreds of businesses that are Non-Union, why pick on me?" They said, "Our Union stores tell us that you are the toughest competition in town, and we must try to protect our Union Stores."

My clerks are all satisfied with the working conditions, and they are receiving as much or more pay as the average grocery and market worker in Salem. They do not want to join the Union and they all seem well satisfied with their job.

Fellow American Citizens, this is not Russia. This is good old United States of America. The country with free religion, free speech, and freedom of action within the law. I can not understand how an organization can dictate to me how I am to run my business and force me into joining their union. They have made the statement they will either make me or break me.

Fellow American Citizens, it is high time that such an unfair and un-American practice as this be stopped.

Byron E. Cooley
