School Board Seeking Name For Turner-Aumsville School

TURNER—Patrons of union high school district 5 are being asked to send in suggestions for the name of the proposed new school. The board is offering a \$5.00 award for the best name sent in by the next regular meeting, June 9, the second Thursday of the month. The judges will be the planning committee each original district. Entries are to be sent to Margaret Riches, clerk of the district, Turner.

Walter W. Miller has been appointed fire warden in the Turner rural fire protection district. He is authorized to issue burning permits inside this district.

The following students were elected by the student body to serve as officers next school year: president, Bill Bear; vice-president, Warren Gray; secretary, Bonnie Large; treasurer, Doreen Place. President Bill Bear will be a senator next year. He has gone to Turner schools all of his school life. He is the son of Mr. and Mrs. Earl Bear. Warren Gray, son of Mr. and Mrs. Dorsey Gray, is a sophomore coming from Marion. He attended school at Jefferson last year.

Many homes in the Turner area are operating on both "fast" and standard time. The high school is on standard time after trying daylight saving time. Due to the fact that Aumsville was still on standard time, teachers teaching in both the high schools found themselves at the right place at the wrong time or vice versa. However, the elementary school liked the daylight time. They sent home questionnaires asking what the patrons wanted, with the result that the majority of the people wanted to continue that way.

The "last day of school" picnic was held Thursday at the Marion school. A picnic lunch was served at noon to a large group. School is officially out Friday. All of the present teachers have accepted contracts for the coming year. They are Clarence Phillips, principal, Jessie Miller, Mrs. Louis Hennies and Mrs. Hightower.
