The advance gifts campaigning in behalf of the Salem Hospital Development program reached the clean-up stage Thursday night when some 30 drive leaders met in the home of Mayor R. L. Elstrom.

Report of an additional \$34,000 collected in this phase of the campaign raised to \$248,000 the total of contribution so far credited toward the \$1,100,000 goal.

The development program is for modernization of Salem Memorial and Salem General hospitals and a new building at the latter place. Several additional advance gift workers were delegated Thursday night to take part in winding up this part of the drive.

Meanwhile, General Campaign Chairman Alfred W. Euducks reported that the citywide drive will get underway July 19, following a kickoff dinner in Marion hotel Monday evening, July 18. Some 300 volunteer workers will take part.

Organization of the general campaign will shape up under two divisions — the men's with Charles Edwards and Coburn Grabenhorst as co-chairmen and the women's division with Mrs. Chandler Brown and Mrs. Ralph Moody as chairmen.

Each division will have five commanders, each heading up five six-member solicitation teams.

Senator Flanders (R-Vt) called a news conference tomorrow morning to disclose full details of the plan.

In effect, it would expand the proposed 12-nation North Atlantic treaty into a world peace union.

## Chinese Reds Beat Up, Hold U.S. Official

By Fred Hampson  
SHANGHAI, July 7—(AP)—A U. S. vice consul, seriously beaten by police in a minor traffic accident, was held without communication in jail in this communist metropolis today. He was William B. Olive, 32, of Ironton, Mo.

Olive attempted to drive a consulate jeep to a nearby filling station about 3 p.m. Wednesday and became involved in a traffic jam. Apparently he attempted to cross the line of a mammoth parade on the eve of the Japanese 12th anniversary of the Japanese attack on China. Unable to speak Chinese, he was arrested and taken to a precinct police station.

There, during questioning, he accidentally upset an ink bottle. Taking this to be an act of resistance, police knocked him down and then beat and kicked him when he sought to defend himself. He was handcuffed and thrown into a cell with a number of other prisoners.

The consulate learned of the case promptly but has not been permitted to interview Olive. Consular officials expressed fear

## Compilation of Salem Business Census Grows

A block-by-block census of Salem business firms is progressing rapidly with "gratifying cooperation" from local businessmen, it was reported Thursday by Carl J. Gilson, Portland, district supervisor for the bureau of the census.

Gilson said the three local census takers should be able to complete the business firms' tabulation in two weeks.

The supervisor noted that information received in the survey is held in strict confidence, to be used for useful statistical purposes only. He added that the business census organization has no connection with other governmental units, hence cannot refer to tax statements or other reports to federal agencies for the information now being asked of local businessmen.

Headquarters for the local business census is in the Marion hotel lobby.

## TO ASK FEDERAL HOUSING
