Garden Show New Feature Of Festival

MT. ANGEL, July 18 — Final plans for the flax and garden exhibits to be shown in the city hall during the three-day Oregon Flax Festival, July 20 through 31, were completed today.

Besides the various cash prizes that will be given for the various flax and flax products exhibits, there will be three cash awards for each of three divisions in garden displays.

The divisions are as follows: best flower arrangements for individuals; best vegetable arrangements for individuals; and best flower arrangements by garden clubs. Each garden club will be allotted six feet of space for its display.

Mrs. O. J. Williams has been appointed chairman of the committee that will register and be in charge of the arrangements.

The Mt. Angel Garden club will again make and sell flax corsages during the festival. These corsages will be made in advance of the celebration this year and the club members will gather Tuesday afternoon at the Williams home to make them. Mrs. Ben Travis is chairman of the corsage committee.

Mrs. Albert Ebner is chairman of the Garden club float committee, and is to supervise the making of a float to be entered by the club in the grand industrial parade on Saturday, July 30.

4 new dams FOR POWER FROM THE SNAKE

Four new dams with an ultimate combined output of 1,225,000 kilowatts (Bonneville output is 518,400 kw.) are planned for the Snake River to bring more new power into the Northwest. Ice Harbor, Lower Monumental, Little Goose and Lower Granite Dams are authorized by Congress and will be constructed as soon as funds are made available. Their initial combined output will be 735,000 kilowatts with three generating units installed at

each dam, additional units being installed later. Even these and other major power sources proposed for development in the Pacific Northwest (a total of 10 million kilowatts) do not mean an immediate end to our need for more electricity. But each week that passes brings us closer to the time when electric power will meet the increased demand and become plentiful once again.
