## Bolanos Faces Champion Ike

### Both Camps Display Lots of Confidence

LOS ANGELES, July 20 (AP)—Brilliant statements of confidence emerged today from the rival boxing camps of lightweight champion Ike Williams and challenger Enrique Bolanos on the eve of their 15-round battle for Ike's crown.

boldest prediction came from the champion's mouthpiece, Manager Frank (Blinky) Palermo of Philadelphia, who said: "It will be a hard fight but I think Ike will knock him out inside of 10 rounds."

Countered George (The Gray Greek) Parnassos, pilot of the lad from Mexico City: "Enrique is in perfect shape. He is confident of winning. We won the title a year ago, in our book, and we'll win it lead to right tomorrow night."

Parnassos referred to the 15-round split decision awarded the Tregton, N. J. titleholder, in their match last year. Referee Charley Randolph gave the nod to Bolanos but the two judges tabbed Williams the winner.

Third man in the ring at Wrigley field tomorrow night will be the old Manassa Mauler, Jack Dempsey.

Matchmaker Charles MacDonald waxed optimistic about the success of the show. He expected a turnout of 18,000 to 20,000 fans. He thinks it will gross past the \$100,000 mark and might approach the \$150,000 the pair drew last year.

Postponement from the original May 2nd date, when Williams came up with a shoulder ailment, and subsequent indications about a new date unquestionably hurt the attraction.

Official promoters of the bout are Comedians Lou Costello and Bud Abbott. Profits will go toward lifting an \$83,000 mortgage they say is on the Costello youth foundation, East Los Angeles recreation center.

## Amerks Liked In Oslo Meet

NEW YORK, July 20 (AP)—Track and field stars from the United States should win their dual meet with Scandinavian athletes at Oslo, Norway, July 27, 28, and 29, by something like a dozen points.

That conclusion was reached today by Daniel J. Ferris, National AAU secretary-treasurer, who will serve as manager of the 52-man American team.

Ferris was the busiest man in town as he greeted his charges and made other last-minute preparations for the biggest mass movement of American athletes since the last Olympic games.

Accompanied by Head Coach Brutus Hamilton of California as well as two trainers and two assistant managers, Ferris and members of the team will leave from New York's International airport at 3:25 p.m. tomorrow on a chartered Scandinavian airlines plane.

## Two Lea Nabs Cleopatra 'Cap

CHICAGO, July 20 (AP)—Calumet farm's Two Lea, leading all the way, soundly trounced five 3-year-old fully rivals in the \$25,000 Cleopatra handicap at Arlington park today.

The handsome daughter of Bull Lea-Two Bob never was extended, even though she toiled high weight of 122 pounds. Approaching the end of the mile journey, Jockey Steve Brooks took her under a strong hold, but even so Two Lea led Hal Price Headley's lithe, 17-1 outsider, to the wire by two lengths.

The other half of the Calumet entry, Wishful (half sister to Coal-town) came from last place to finish third, a neck back of Lithe. Odds-on Favorite, the Calumet entry paid \$3.20 to win, and \$2.20 to place. There was no show betting. The time was 1:37.

## Orange Coach To Play Again

CORVALLIS, Ore., July 20 (AP)—Pete Elliott, new end coach of Oregon State and a star quarterback last year for Michigan, will be playing again August 12.

He will return to Chicago to play in a college all-star football game to be staged at Soldiers field by the Chicago Tribune. He leaves here July 25.

Elliott is the only Michigan athlete ever to receive 12 sports letters from the big school. He was both defense and offense quarterback on last year's undefeated Wolverine team.

## State Fair Horse Show Includes Young Riders

The Oregon state fair horse show in Salem, September 5 to 11, will feature children's classes for the first time since 1941, fair officials announced Wednesday.

Manager Harrison Cutler announced that the state fair competition has become a member of the American horse show association.

The latter group will sponsor the juvenile divisions to include, saddle horn seat, hunting and stock horse seat. There will be no entry fee for classes confined to children under 18 years of age.

## Midgets, Steel Club Capture Decisions in Junior 'C' Loop

Midget Market remained unbeaten in Junior "C" league play Wednesday by virtue of a 6-1 triumph over Elstroms at Olinger as Don Foller twirled a one-hitter. Salem Steel punched out a 14-1 victory over Schreder's Four-Star Market on the Leslie lot.

The Midgets got but three hits off Shepherd in their four-inning mix with the "Elfs" but one of the blows was a homer by Osborne with a mate aboard in the second inning. The victors collected four runs in the initial frame with the help of two hits.

Ken Schreder of the Steels set the Schreders down with two blows while his club was piling up its big margin with the aid of six hits and eight enemy errors. Howard Mesmer smacked a grand-slam homer for the Steels in the third inning.

WASHINGTON, July 20 (AP)—Representative Bernard W. "Pat" Kearney, republican, New York, said Tuesday he had recommended that Jackie Robinson, negro second baseman for the Brooklyn Dodgers, receive the Brooklyn Foreign War's gold medal for good citizenship.

Kearney, a former national commander of the VFW, said he had wired his recommendation for the award to Robinson to the present VFW head, Lyall T. Beags.

## Police Learn Game ABC's

CORVALLIS, July 20 (AP)—State policemen assigned to game law enforcement are going to school here, learning a lot of animal, bird and fish lore.

The 61 policemen are learning a lot of things about species—things that might put John Q. Sportsman in jail. They are details that won't however, help the sportsman stay within the law until he has downed that buck, bagged the bird or landed the salmon.

State college professors have told the policemen the best way to tell the age of a deer is to look at its teeth. They report the best way to identify a sharp-tailed grouse is the v-shaped marks on its breast.

The difference between a silver salmon and a chinook is the black spots on the caudal fins. The silver has the spots only on the top half of the fin.

The wood duck is easy to recognize: He has a white ring around the eyes.

The classes, the first ever conducted exclusively for Oregon fish and game law enforcement, will end Saturday.

## Heintzelman Improves with Age

PHILADELPHIA, July 20 (AP)—Most pitchers slow down as they grow older. Not Kenny Heintzelman—he gets faster and better.

Kenny, the forgotten man of the All-Star game, is no babe in arms to major league warfare. He's been around since 1937, but never before has Kenny compiled a record such as 12-3 and pitched 26 straight scoreless innings.

But that's what Heintzelman, a tall southpaw from Peruque, Mo., who gets his paychecks from the Philadelphia Phillies, has done in 1949—at the age of 33.

Heintzelman never had a winning record in the majors. Before this season, his best mark was 11-11 with the Pittsburgh Pirates in 1941.

As far as Kenny is concerned, his success is largely a matter of speed.

"George Earnshaw (Phil's pitching coach) took me aside in spring training," Kenny said, "and told me I ought to speed up my delivery."

"I used to waste a lot of time fidgeting around the mound and giving the batters plenty of time to get set," Heintzelman said. "Now I've gotten so I can keep them off balance."

## Soybeans Gain New Highs on Grain Market

CHICAGO, July 20 (AP)—Soybeans notched out new highs for the year today in a generally higher market on the board of trade. Grains also advanced, although not as sharply as soybeans. Lard could do little and ended with prices mixed.

Wheat finished 1/4-1/2 higher, corn was 1/4 lower to 1 cent higher, oats were 1/2-3/4 higher, rye was 1/4-1/2 higher, soybeans were 4-6 1/2 higher and lard was 10 cents lower to 17 cents a hundred pounds higher.

Chief feature in wheat was the lack of hedging pressure. Farmers were holding grain in the southwest, taking advantage of government loan provisions. Receipts at terminals in that area today were about half of a year ago.

Cash wheat prices here remained under the July future, No. 2 hard selling at a discount of 2 to 2 1/2 cents. No. 2 red, which is also deliverable on July contracts, went at a discount of 3 cents.

## Arguments Heard In Telephone Co. Suit Against PUC

Arguments of attorneys were heard in the Marion county circuit court Wednesday in a suit brought by the Pacific Telephone and Telegraph company to compel Public Utilities Commissioner George H. Flagg to permit the Pacific company to pay to the American Telephone and Telegraph company 1 per cent of its gross revenues under a license service contract.

Flagg previously ruled against the license contract on the ground that any service obtained from the American company should be on a revenue rather than on a gross revenue percentage basis. Attorneys for the utilities commission argued that the service contract, based on gross revenues, automatically would operate to the benefit of the American company and against the Oregon telephone rate payers.

The Pacific company contended that Flagg's ruling was in violation of both the federal and state constitutions. Circuit Judge George Duncan took the arguments under advisement.

## McKay Urges Cost Cuts in State Spending

Spending taxpayers' dollars with a view of getting full value in a market of falling commodity prices, was stressed by Gov. Douglas McKay Wednesday. Meeting with department heads under executive appointive power here he urged them to get by on less money wherever feasible.

No sharp financial recession was foreseen by the governor, however, and he made it plain that cuts in operating expenses should not come from the "hides" of state employees. Increased efficiency, rather than a reduction in pay, would give the departments better production records, he said.

"No one ever went broke paying good money for good employees," he continued, "and more men and women of a high type may be attracted to state employment because of salary improvements brought about at the last legislature."

Oregon has recovered from its midwinter slump and has the least unemployment of any coast state on a per capita basis, said McKay. "I find the local and national economic picture far from discouraging," he added, noting that an employment dip might be expected this fall.

Officials contemplating out-of-state travel should be guided by the war-time slogan, "Is this trip really necessary?" the governor said.

## Robert D. Paris, Former Woolen Mill Owner Dies

Robert D. Paris, 2190 S. High st., a Salem resident for 25 years, died Wednesday at a local hospital following a month's illness. He was 69.

He operated the Paris Woolen mill in Stayton for 11 years before retiring in 1943, but maintained his residence in Salem. He came here from Portland and was born at Prairie du Chien, Wisc., Jan. 20, 1880.

Surviving are his wife, Harriet M. Paris, of Salem; two daughters, Mrs. C. H. Darley of Stayton, and Mrs. Frances Brooks of San Francisco; two sisters, Mrs. R. C. McLanahan of Helena, Mont., and Mrs. Goodsell Billings of Prairie du Chien, Wisc., and one grandchild.

Services will be announced later by the W. T. Rigdon chapel.

## Fresh Buying Keeps Stock Rally Rolling

NEW YORK, July 20 (AP)—Fresh buying flipped the stock market a little further up the price ladder today in the sixth week of a summer rally.

Main motive power for the rise came from the steel, railroad and automobile sections. Other groups were well represented in the plus column, with gains generally running from fractions to 1,380.00 shares, compared with 1,590,000 yesterday.

Yesterday, however, trading in C & S accounted for nearly half the total volume. Turnover surpassed in C & S dropped to 243,000 shares, which included one block of 115,000 shares. United corp. was runnerup with 82,800.

The Associated Press average of 60 stocks moved up 3 of one point at 62.9, with advances well distributed in the industrial, railroad, and utility groups.

The market broadened to include 1,018 individual issues, largest in five weeks. Of these 553 advanced and 214 declined.

Not since May 31 have prices reached so high a level. In a rally which started in mid-June the market has regained all but a small part of the losses taken in a slide that reached bottom on June 13 when a 4 1/2-year low was touched.

Arkansas produces about 90 per cent of the nation's bauxite and also contains the nation's only diamond mine.
