Street Banners Remind Salem Of State Legion Meet Aug. 3-6; Convention Program Revealed

Bright strings of pennants waved over Salem streets today to remind residents that the state American Legion convention is on the way—that the usually tumultuous affair will be here August 3-6.

Midnight oil has been burning in convention headquarters at the Senator hotel, as officials prepared for the influx. Advance registration is already nearly 1,000, they said, and the highest ever at this stage.

Parades, music, banquets, air shows, balls, stage shows and contests will feature the annual statewide meeting, as well as serious business in general and committee meetings. Among featured guests will be Frank Belgrano, president of First National Bank of Portland and past national Legion commander, who will give the keynote address, and Laura Goode, national auxiliary president.

Several pre-convention meetings are set for Monday and Tuesday, August 1 and 2, and the convention of the 8 et 40, auxiliary to the 40 et 8, will begin Monday night and continue the next day.

40 et 8 To Meet
Wednesday will be the convention of 40 et 8, fun and honor society of the Legion, at the capitol building. A parade at 5 p.m. will be followed at 6:30 by a "wreck" for "goofs" or initiates at a tent at legion hall on South Commercial street. The day will end with a banquet and entertainment at the hall.

The Legion confab will begin Thursday with reveille at 8:45 a.m. at the courthouse, starting the Second Infantry band. A joint memorial service is set for 9 a.m. at the Elsinore theatre. At 9:45 the session will open with introduction of guests and the keynote address by Belgrano. After lunch at the Legion club will be sessions of the Legion in the house of representatives chamber and of the auxiliary in the senate chamber.

Banquet at Armory
That evening a banquet at the armory will honor the national auxiliary president, prior to the drum and bugle corps contest at Sweetland field and the grand convention ball at the armory.

A jam-packed Friday will include children's contests at 10 a.m.; Legiokana (junior) parade at 1:30 p.m.; commissioning of the naval air reserve unit at McMinnville at 3 p.m., followed by flying exhibition by navy aircraft.

5 Persons Escape Serious Injury in Head-on Crash

One woman was injured slightly in a head-on automobile collision Sunday afternoon on the Aurora-Donald highway just east of the Wilsonville cutoff.

Drivers of both cars escaped injury in the accident, which state police said was caused by skidding on wet pavement.

Treated for bruises and minor cuts was Mrs. Helen Belieu of Portland, whose husband, Oscar Belieu, was driving west when the cars collided. Mrs. Sarah Belieu and her son, Roy, passengers in the car, escaped injury.

Robert Louis Bronquist, Parkdale, was driving the other car. There was no estimate of damages, but police said the grill of Bronquist's car was nearly demolished.

GIs Fleeced' By Stranger

PORTLAND, July 24 — (AP) — Two Fort Lewis soldiers reported to police today they were fleeced of \$25 at a bus depot where a stranger posing as a truck driver promised to haul them to Tacoma.

Police said Thomas J. McDonald and Rufus Massingill loaned the money to their newly made friend when he told a story of needing the cash to pick up a check for a larger amount. He later was to drive the truck to near the depot and pick them up.

Lamb Prices Drop Lower at Major Markets

By Lillie L. Madsen
Farm Editor, The Statesman

Despite lower receipts in all principal markets, lamb prices have worked lower at all major markets this past week. At Portland good and choice spring lambs sold from \$20 to 20.50 late, a few reaching \$22 earlier in the week.

A few small selected lots went for \$21 and one small lot of 10 lambs brought the premium price of \$21.50 on Thursday. A few feeders reached \$18 during the week but many remained unsold as a carry over to Monday morning. At the close of the past week's sales more than one sheepman or Willamette valley farmer who had brought in a truck load of lambs "only in fair shape" returned to his farm with them rather than leave them there for next week's sales and pay for the feed. Lambs in the best condition, however, did find a market, and slaughter ewes moved in fairly good volume, medium and good grades selling mostly within a range of \$6 to \$8.

Liberal Numbers

Action on lambs was slowed down by the liberal numbers on hand early. California lambs which were shipped east to be fattened are now reaching mid-west markets. Because of the drought this spring in California 62 per cent more lambs were shipped east than a year earlier. Some of these lambs brought \$24 to \$24.50 at Omaha this past week. This compares with \$26.50 a week ago at the same market for some earlier finished California lambs.

But the premium price of \$21.50 received Thursday compares with that of a year ago at Portland of \$26 for the same type of lamb, a cross where a Romney ewe was used with a Southdown ram. Buyers at the market this week said that this cross was one of the best received. Suffolk lambs were also doing well.

"Just Note Condition"

"We are not interested in breed, just condition of the lamb," the buyers stated. "However, this week the best lambs have been from these breeds." Most of the lambs brought in bringing top prices were fattened on pasture alone. Sub and Ladino clover pastures contributed largely to the wellfed groups. Most of them were brought in right from their mothers.

Lamb receipts since January 1 at the 12 main midwest markets are 40 percent under a year ago. At Portland total lamb receipts since January 1 are down 23 percent. This percentage probably would be higher if it were not for the flood last year in June which closed the North Portland stockyards. Compared to a week ago lamb receipts so far this week have fallen off better than 50 percent at Portland.

'No Mooching,' Say U.S. Japs

TOKYO — (INS) — Japanese in the United States are getting tired of their mooching cousins in defeated Japan.

They have served notice that henceforth they will give heed to begging letters from relatives and friends in the "old country" only in cases of proven necessity.

A message to this effect was brought back to Japan by Hatsu-taro Nihei, a Japanese consultant in Gen. Douglas MacArthur's headquarters who returned from a lacquer ware market survey in the United States.

Said Nihei: "Japanese in the United States have had enough from people in Japan asking them to send bathing suits and white summer shoes. They point out that such things are luxuries, which, in many cases, they themselves have to do without.

"They are sick and tired of people who think that just because they live in a land of plenty, they can be milked at will."

SILVERTON HOME SOLD

SILVERTON — Andrew J. Shepherd has bought the home of Mrs. Ole Satern at 1302 N. Water street and plans to take possession at once. Mrs. Satern has made her home there for about 25 years,

but left a few weeks ago to make her home with her son-in-law and daughter, Mr. and Mrs. Victor Madsen at Hillsboro. The Madsens brought Mrs. Satern to Silverton Thursday to make final arrangements to dispose of the place.
