NEW YORK, July 29-(P)-Today's closing quotations:

CHICAGO, July 29 -(AP)- While soybeans rested, grains moved upward on the board of trade today. The advance was led by September contracts. At one time wheat was ahead 2 cents, but this was reduced at the close.

Firmer prices for cash wheat in the southwest helped that

Wheat ended ½-1½ higher, corn was ¼-1½ higher, oats were 1/2 to 1 cent lower, rye was 3/4-13/4 higher, soybeans were 21/2 to 4 cents lower and lard was 8 to 17 cents a hundred pounds higher. Aside from the prospect of increased CCC buying, there was no particular news to account for the wheat firmness.

Retail establishments selling foods or serving meals or snacks comprised more than half of all retail business places counted in the last U. S. census of business. These are figures for 1939. Now in progress is another nationwide business census which will compile information on business establishments in 1948.
