HUBBARD — Robert M. Woodward, superintendent of North Marion union high school at Hubbard last year, who has been named dean of Multnomah college in Portland.

HUBBARD, Aug. 11 — (Special) Robert M. Woodward, superintendent of North Marion union high school at Hubbard last term, has been named dean of Multnomah college in Portland.

The announcement came from Dr. Edward L. Clark, college president. Woodward succeeds Luther W. Case, who resigned to teach at the University of Alaska. Woodward is a graduate of Brigham Young university, Provo, Utah, and Oregon State college. He received his bachelor's degree in Utah and his master's degree in Oregon. Prior to coming to Hubbard he taught and coached in Colorado high schools and was on the teaching staff of the secretarial science department at OSC. He is a member of Kappa Delta Pi, national education honorary fraternity, the Oregon Educational association and the American Legion. He served in the army air forces during World War II as a pilot, instructor and operations officer. Woodward, his wife and three daughters have moved to Portland where they have purchased a new home.

Salvation Army Horn Stealer Caught Here

A former convict who gave his address as Delaware, Ohio, was returned to Eugene, where he faces a larceny charge, Thursday night following his arrest by city police officer in the day. The young man, Frank Rector, jr., was brought to the station for questioning after a Salem second hand store dealer advised police he had purchased a French horn for only \$4.50 from Rector. Police said Rector admitted stealing the French horn in Eugene Wednesday from the Salvation Army after he allegedly had asked help from that organization and had been turned down. Rector, who posed as a Notre Dame university alumnus with college stickers covering his suitcase, said he served a term at San Quentin prison in California on a burglary charge.

James H. Maden Firm Sold, to Change Name

Sale of the James H. Maden company, truck and farm equipment dealers in Salem for the past 20 years, was announced Thursday by the owners. Buyers are

Gus Roberson and Son of Portland, who will manage the business under the name of Capital Tractor and Equipment company. The transfer will take place in a week or 10 days, as soon as inventory is completed, according to James H. Maden, who owns the firm with his son, Roy A. Maden. He said they would retain the land and buildings and lease them to the Robertsons, who formerly operated Robertson Freight lines out of Portland. The elder Maden has been in business here since 1923 and dealer in International trucks since 1929. He and his son have

handled McCormick-Deering and International farm machinery and equipment since 1935. They moved from downtown to Silverton road, opposite the state fairgrounds, in 1941, in a building erected by Lee U. Eyerly. The three acres of land now bears three structures, giving the property a value estimated by Maden at about \$100,000. No estimate was given on stock inventory. The elder Maden plans to move to his stock farm near Blodgett, while his son has not yet disclosed his future plans.

Funeral services will be Saturday at 1:30 p.m. at the Zena

Norblad Asks ECA Investigate British Lumber Purchase

WASHINGTON, Aug. 11 — (AP) Rep. Norblad (R-Ore) asked Economic Cooperation Administrator Paul G. Hoffman today to investigate a reported British purchase of \$8,000,000 worth of lumber in the Soviet Union. Norblad made public a letter to Hoffman saying: "In view of the fact that British economy is being substantially supported by ECA American taxpayers' funds (as is evidenced by our current annual expenditures of \$1,300,000,000 in that country) this purchase is certainly contrary to the intent of congress in approving the recovery program."

CONTRACT AWARDED
The state highway department Thursday awarded a contract covering 2.56 miles of grading and 1.37 miles of bituminous macadam on the Summit-Tolovana park section of the Oregon coast highway to Leonard and Slate, Portland, on a low bid of \$325,675.

Here's WHY SAFEWAY QUOTES 2 PRICES ON BEEF CUTS

At this time of year, range or "grass-fed" beef is more plentiful. Grain-fed beef is scarce. As our customers know, Safeway buys only U. S. graded beef, and as a rule, just the top grades (U. S. GOOD, or better)—but U. S. government graders will not stamp range-fed beef higher than U. S. COMMERCIAL which is one grade lower than U. S. GOOD. Safeway must therefore buy some U. S. COMMERCIAL as well as U. S. GOOD grade of beef to insure an adequate supply. So—and here's the important part to you—while this condition lasts, Safeway will quote prices for both grades, on beef steaks, rib roasts, rump roasts, and other hind quarter cuts. We will

charge the usual fair price for U. S. GOOD cuts, and a lower money-saving price for U. S. COMMERCIAL cuts. Thus, at Safeway, this situation can really help you save money on good-eating meat, because U. S. COMMERCIAL is good eating meat. Perhaps it is a little less tender and not as well-marbled with fat as U. S. GOOD, but it is more lean and equally fine in flavor. Regardless of the cut or grade, you can be sure that all Safeway meat carries Safeway's famous money-back guarantee of satisfaction and that all cuts are trimmed waste-free. Compare Safeway Quality!
