

Marshall Plan Nations to Get Favors Given to Britain by U.S.

WASHINGTON, Sept. 15—(AP)—The United States today extended to France and all Marshall Plan nations trade and financial concessions granted Britain to relieve her dollar crisis.

About the same time the British got formal permission from the economic cooperation to spend \$175,000,000 Marshall Plan money for Canadian wheat. This was one of the helping-hand ideas worked out in American-British-Canadian financial conferences last week.

Extension of similar privileges to other nations getting American recovery billions was assured at a meeting of Secretary of State Acheson with French Foreign Minister Schuman. The meeting brought together Secretary of the Treasury, Snyder, ECA Administrator Paul G. Hoffman and other top American and French officials.

The French entering for the first time the current series of conferences between the United States and Britain, received these formal assurances:

1. All the ECA nations and not Britain alone will be permitted to use Marshall plan funds to buy elsewhere a wide range of commodities which they are now required to obtain from the United States.
2. Whatever relaxation of American customs regulations is worked out to help Britain sell its

Truman Names Ex-Sen. Minton To High Court

(Picture on page one)
WASHINGTON, Sept. 15—(AP)—President Truman today picked a one-time senate colleague, Circuit Judge Sherman Minton of Indiana, for the supreme court vacancy caused by the death of Wiley Rutledge.

Minton was a one-term democratic senator and a new deal stalwart. He has been on the 7th federal circuit court of appeals (Indiana, Illinois and Wisconsin) bench for the past eight years.

Minton's appointment came somewhat as a surprise. His name had not been mentioned in the speculation following Rutledge's death.

While Mr. Truman has said he picks his federal judges on ability rather than religious grounds, many senators thought Attorney General McGrath, a Catholic recently chosen for the cabinet when Tom Clark was shifted to the supreme bench, was in line for the next court vacancy.

First reaction in the senate to Minton's appointment was favorable. Senator Langer (R-ND), a member of the judiciary committee which will pass on the nomination when it is made, commented:

"A splendid appointment. His entire record shows that he has been a friend of the man who works for a living."

U.S., English Ambassadors Talk to Greeks

ATHENS, Greece, Sept. 15—(AP)—The United States and British ambassadors had long talks today with Foreign Minister Constantin Tsaldaris of Greece, which has threatened to invade Albania if Greek guerrillas attack her again from Albanian soil.

Tsaldaris said later no pressure was exerted on him in connection with the Albanian case. He said the discussions generally involved the Greek situation as related to the United States and Britain. There were conferences in Washington, too, he said, between British Foreign Minister Bevin and Secretary of State Acheson.

(The Greek-Albanian situation was described by an informed British source in London as one with dangerous potentialities. He said "the hope is that Albania will not provoke Greece, or that Greece will refuse to be provoked.")

(Foreign observers in Moscow said they believed the Soviet Union would regard any Greek invasion of the little communist nation on the Adriatic, for whatever reason, in a most serious light. The USSR looks upon Albania as one of its "small brothers" and shooting there would raise the issue of communist prestige.)

Woman Hurt In Car Wreck

Lois Stalter, 30, of 3235 Portland rd., suffered possibly serious internal injuries Thursday night when her auto struck a parked car on Highland street near the intersection with Laurel avenue.

The Salem first aid squad took Miss Stalter to general hospital where her condition was described as "possibly serious." She is scheduled for X-rays this morning.

Miss Stalter, alone in her car, was traveling west on Highland street about 7:30 p.m., when she struck a parked car owned by Sam Likens, 2307 Laurel st.

City police said the front end of the Stalter auto was nearly demolished, and the rear end of Likens' car also was smashed badly.

George Petty Nominates '10 Best Undressed Women' in Nation

HOLLYWOOD, Sept. 15—(AP)—George Petty, who draws the petty girls, came up with his "10 best" nominations today.

It's probably no surprise that he nominated for the "10 best undressed women" in his own words: "True feminine beauty is not a combination of a dressmaker, a beauty operator, furs and jewels. When a girl is born beautiful in body and face, it's no use trying to improve upon nature."

The list:

Ljuba Weltsch, Polish singer who danced in "Salome" with the Metropolitan opera last season.

Barbara Ann Scott, Canadian Olympia Skating champion.

Joan Caulfield, actress.

Gertrude (Gussie) Moran, laced-pantied tennis star.

Vicki Draves, Olympic diving champ.

Gypsy Rose Lee, stripteaser.

Josephine Baker, American star of the Folies Bergere.

Esther Williams, actress.

Paulette Goddard, ditto.

Zoe Ann Olsen, Women's diving champ.

Charge Made Prisoners Buy Way Out of Jail

PORTLAND, Sept. 15—(AP)—A municipal judge and a deputy city attorney today began investigating a charge that several prisoners had "bought" their release from jail.

Three prisoners told Judge John B. Seabrook that they had been released to work on Tony Fazio's farm, and that Fazio had deducted from their wages \$20 to \$100. They said they understood that money was to be paid for release from jail.

Fazio, who formerly had an agreement with the city to work paroled city prisoners as a rehabilitation attempt, told the judge the money represented an assessment to cover such things as medical expenses and to make certain that the prisoners would pay their room and board.

Judge Seabrook said he would take no action until he can confer with Municipal Judge J. J. Quillin, now out of town. Fazio said most of the prisoners who came to work for him were released by Quillin.

German Red's Son Flees to British Zone

BERLIN, Sept. 15—(AP)—Joseph Reimann, 23, son of west Germany's communist leader, Max Reimann, fled the Soviet zone and placed himself under the protection of the British military government, British authorities announced today.

The youth had been a member of the Soviet-organized "German people's police" (Volkspolizei) for several months, the British said.

A headquarters spokesman added: "He told us he just got fed up and made a bolt for it."

He said Reimann walked into British headquarters in Berlin and asked asylum as a political refugee.

Indians May Take Fishing Rights to Court

THE DALLES, Ore., Sept. 15—(AP)—Rival Indian tribe claims to fishing rights at the Columbia river's Celilo falls near here, may end up in a court test.

This was forecast today by Edward G. Swinell, jr., Portland, regional attorney for the Indian bureau, after a Nez Perce delegation from Idaho protested that other tribes were attempting to exclude them from fishing rights.

The protest was made to the Celilo fish committee, a controlling group set up by Indians of the Warm Springs, Umatilla and Yakima reservations. These three are the principal Indian fishers at the falls.

The Nez Perce — and other Indians from as far away as southern California — appeared today, however, to claim historical rights to the fishing. The Nez Perce maintained a treaty of 1855 guaranteed them fishing at Celilo, a claim disputed by Oregon and Washington tribes.

After all protests were heard, Swinell said the Celilo committee had no jurisdiction over the Nez Perce claim, and added that it would be up to the courts to decide the matter.

Tribal attorneys did not say when court action might be started.

Girl Crosses Continent to Marry Convict

BALTIMORE, Sept. 15—(AP)—The shadow of doubt today entered the mind of Peggy Peterson, 22-year-old blonde who crossed the continent for love of a convict.

"You know, I've never had a date with him," she said on second thought "I wonder how it will be when we're together — on the outside."

"When I was home, thinking about doing this, it seemed so simple. I just told my friends I was going east to get a modelling job and bought a ticket. I thought he would be out by the time I got here."

Peggy fell in love with Convict William J. Sansbury while she was a receptionist in California's San Quentin prison. The good-looking 24-year-old ex-paratrooper was assigned as a clerk in her office.

Sansbury was paroled two weeks ago but Maryland authorities immediately brought him here to stand trial on forestry charges.

Peggy quit her job, drew her \$500 saving from the bank and flew here to be by his side.

"Judge, I know he'll go straight," she pleaded during his trial yesterday. She offered \$200 of the \$240 she had left as partial restitution. Judge Robert France took the case under advisement.

Peggy took out a marriage license soon after arriving here. She has it in her pocketbook now.

Sacred Heart Plays Molalla

The Sacred Heart Academy Cardinals, turning up for play in the Marion-Tupac league chase later on, tonight journey to Molalla to tangle with the Indians in an eight o'clock opener for both teams. The Cards are coached by Don Vandervort this season. Ray Reif is mentor at Molalla.

Vandervort has announced the following as his tentative starting lineup for the game: Clark Ecker and Jinx Collieran, ends; Jim Hennon and Don Mock, tackles; Pat Riley and either Dick DeRosier or Don Herman, guards; Don Daniels, center; Al Pearl, quarterback; Jim Yancaster and either Wally Gibson or Sam Slogginger, halfbacks, and Al Wiemals, fullback.

The Indians, reportedly a well-balanced club with good reserves and a pair of outstanding transfers, will open thusly: Burt Gaston and Rex Coleman, ends; Paul Lucht and Chuck Kelly, tackles; Lyle Allen and Roy Schiewe or Doyle Payton, guards; Clarence Penny, center, and Bill Blackburn, Jiggs Owens, Les Reisch and Eldon Long, backs.

Gervais Youth Killed as Steel Load Shifts

INDIO, Calif., Sept. 15—(AP)—A freak accident today killed Ray Dean, 17, Gervais, Ariz., in a railroad flat car, according to investigating authorities here.

Dean was reported crushed beneath a shifting load of steel girders on a car in the railroad yard in Indio.

The youth was coming from Winterhaven, Ariz., when the accident occurred. His body was taken by the coroner to nearby Riverside.

Capitanos Ice Playoff Title

VANCOUVER, B. C., Sept. 15 (CP)—Vancouver Capitanos smacked the pennant-winning Yakima Bears 8-3 tonight to sweep the Western International league playoff in three straight games and open up their pocket-books for the \$1,500 bonus. Yakima receives \$1,000 second money from the \$4,000 playoff pool.

The Cap victory tonight was established in the first (2 runs) and third (six runs) as Lloyd Dickey, Yakima southpaw, yielded seven hits and walked four Brownies before stepping down in favor of Larry Powell.

It looked like a shut-out for George Nicholas until the eighth, when the Bears' Babe Gamino hit a three-run homer.

Yakima 000 000 030—3 8
Vancouver 200 000 000—10 1
Dickey, Powell (3) and Ortle; Nicholas and Brenner.

IDAHO WORKS IN RAIN
MOSCOW, Idaho, Sept. 15—(AP)—Head Coach Dixie Howell of Idaho took his squad out into the rain today to "give them the feel of a wet ball."

Howell said it would make little difference to his team if the rain continues because the Willamette university club would be hampered just as much as the Vandals.

You can't make a mistake when you bake a Cinch Cake

Easiest to make... finest flavor cake. Cinch Cake Mix comes fully prepared and contains all the quality ingredients delicious cakes require. You simply add water, mix and bake. The rich flavor and fine texture will bring you compliments galore.
