Hiss Termed Spy, Liar by One-Time Red

NEW YORK, Nov. 21—(AP)—Whittaker Chambers pictured Alger Hiss today as a communist stooge, a liar and a spy for the Russians. Chambers, the government's chief witness in the Hiss case, testified that the handsome, 45-year-old defendant: 1. Went to work in the justice department and later in the state department at the behest of a communist underground chief; 2. Turned over state department documents to a Soviet spy ring at regular intervals as late as 1938; 3. Entertained Chambers in his home nearly a year after the last date on which Hiss says the two men met.

Crashed Plane Owners Sought By Air Officials

The state board of aeronautics said Monday it was still working to clear up details of a plane crash which occurred in the Cascades near Santiam Junction last week.

A man and a woman walked away apparently unhurt from the wreck of the light plane Wednesday. They boarded a bus for Albany and have since dropped out of sight, board officials said. The plane is registered to Russell H. Brown of Miami, Fla. A telegram has been sent to Miami by the board asking Brown what to do about the wreckage, but no reply had been received here Monday. Civil aeronautics regulations require that all plane crashes be reported. The Salem board said it has information the plane left a Portland airport, landed at the Salem airport Wednesday morning for repairs and was forced down again at the emergency landing strip at the junction. It crashed while taking off from this field.

Crowds Line Gotham Streets To View Shah

NEW YORK, Nov. 21—(AP)—The young shah of Iran smiled and waved his way up Broadway today through a barrage of ticker tape, confetti and shouted good wishes—including "Hiyah, Shah" from bobby sockers. More than 200,000 persons lined the street from the Battery to city hall as the hatless Mohammed Reza Shah Pahlavi sat in an open car heading a 20-car caravan. The 30-year-old ruler of 16,000,000 subjects smiled broadly when a group of bobby sockers yelled "Hiyah, Shah." The royal motorcade was joined by soldiers, sailors, airforce personnel, police and firemen. At city hall, police-estimated 15,000 persons watched while Mayor William O'Dwyer presented the shah with a certificate for "distinguished and exceptional public service."

O'Dwyer said the Iranian ruler was known throughout the world "as a friend of free nations" and said he represented "the new in Asia." The slim, dark-haired ruler is in the U.S. for a month's visit as guest of the state department. The shah thanked the mayor for "this most thrilling welcome" and said he had "a special appreciation of the many cultural strains and backgrounds that converge here in this great center."

Lewis Blocks Seating of Judge Dawson

WASHINGTON, Nov. 21—(AP)—John L. Lewis reportedly blocked the seating of former federal judge Charles I. Dawson as the coal operators' trustee of the miners' welfare fund at a stormy three-hour session today. The three trustees—Chairman Lewis, Dawson and Senator Styles Bridges (R-NH)—refused to talk about what went on at the bitter meeting. Dawson had sought to succeed Ezra Van Horn as the operator representative. Dawson was elected by a vote of the coal operators who signed the 1948-49 contract. That pact expired June 30, and Bridges has refused to vote to use any welfare royalties—estimated at \$13,000,000—collected since that date. It is virtually the only money remaining in the fund. Only \$850,000 is still in the treasury from collections on coal mined before the contract ran out.

Newby said psychopaths are responsible for many sex crimes.

Actress Given Transfusion After Stabbing

LOS ANGELES, Nov. 21—(AP)—A blood transfusion was given Jean Wallace, blonde actress, today in treatment for a stab wound police said she inflicted upon herself after a party with her former husband, actor Franchot Tone. The hospital reported her condition "satisfactory." Police said that in despondency she stabbed herself in the abdomen with a butcher knife early yesterday morning at her home. She and Tone had taken their two children, whose custody he has, to dinner and to see Santa Claus Saturday night. Then she spent the evening with him and friends. Miss Wallace, 26, and Tone, married in 1941, obtained a final divorce decree last Oct. 1.

Arrest of Pair May Clear Up Car Prowling

Clues to several recent car prowlings in Salem were picked up in Albany, Ore., Monday, according to Deputy Sheriff Sam Tice of Marion county who questioned two men Albany police had arrested on a charge of possession of stolen goods. Tice said a new vacuum cleaner and a camera, both reported stolen from Salem last Saturday, were recovered by Albany authorities from a car occupied by the men, Arthur Calvin Harmon, 25, Parker, Wash., and Faye Eugene Jones, 26, Vancouver, Wash. Tice said the men admitted to him they had taken these articles from cars parked in Salem, along with items picked up from other cars here. While the Washington men remained under arrest in Albany, the local sheriff's office was trying to contact the car owners who had reported the separate thefts here. These were a Eugene woman and a Beaver creek man, James Young.

Repairs Underway On Vacant Building

Improvement of the long-vacant building at 540 S. Commercial st., in preparation for lease or sale, was under way today by Brice Mortgage company of Portland, owner of the property. The exterior will be stuccoed, a wall crack and its cause remedied, and windows may be improved, according to Bert Inman, sales manager of the firm. Erected just after the end of World War II, the brick structure was intended by W. C. Gabriel, then owner, for cold storage lockers. Financial difficulties halted

work on the building, and its completion was barred by lengthy litigation, which the firm said has been settled.
