Rollin' Along by Jerry Stone

Some words have trickled forth from various directions on the matter—and the feeling you get is that the trickle may one day soon develop into a torrential drive. Now maybe we'd better mention what we're talking about. It's the idea of hacking the Coast conference into two grid divisions—Southern and Northern ala basketball . . .

hitting Johnson due . . . Pitzer, incidentally, has joined the Page Wooden Independent club along with the Johnsons . . . The scrummers are still talking about the scrumptious spread served 'em (buffet style) up in the Hayward

BILL McARTHUR
No Press Blot for His Boy?

Most of the guff thus far spoken on the matter favors such a move, with the big argument being that the Northwest schools just don't give the proud teams to the south enough competition. True enough over the years and particularly true this season during which California schools have come out on top in every engagement with the northerners . . . BUT there are exceptions, such as Oregon's five performance against Southern clubs last year. If the northern schools formed their own league the competition would assuredly be tight but it will also be concessionary that Oregon, Oregon State, Washington and Washington State have developed a hopeless doormat complex.

But Comes the Time— We of the north get a heck of a big kick when our schools knock over the golden boys of sunny Cal and every once in a while we do develop a ball club which is capable of doing so. Cutting the FCC into two divisions would deprive of that pleasure—albeit it doesn't come too frequently . . . As the old southern colonel once said: Sub, I may take one E— of a beating from 'em but let me get in just one good punch an' it's more than worth the batterin' I may chance to take—yes, sub. . . .

Wolves Waiting It'll be a shame if OCE's Wolves don't get a crack at a bowl game after their superlative season. The surprise pick of Stanford for the Honolulu Pineapple tilt knocked the OCE hopes for that one after they had received feelers from Pineapple officials. In addition, Bill McArthur's gang was passed up by the Bear Bowlers in favor of Pacific. The Wolves have conquered all who came their way this season. Their record—best in their history—should most certainly draw them overtures yet from some one of the myriad of bowls which dot the nation every New Year's day . . . After all, unbeaten clubs aren't exactly a common thing . . .

Gaps Must Be Filled Coaches Harold Hank of Salem High and Johnny Lewis of Willamette face similar problems as they grid hoopsters for the fast-coming season. The problem, in Hank's case, is to find a scoring combination which can close the gap left by the graduation of Keith Farnam and Benny Pitzer, the point men of Pacific. Andy Lewis must fill the hole left by the departure of the basket-

Broncs in Orange Go

MIAMI, Fla., Nov. 22—(AP)—The University of Santa Clara football team, twice beaten and once tied, was named today to play in the Miami Orange bowl classic Jan. 2. Santa Clara will be the first California team ever to play in the Orange bowl and it will be the coast eleven's third appearance in a major bowl. Santa Clara defeated Louisiana State, 21-14, in the Sugar bowl at New Orleans on Jan. 1, 1937 and repeated the next year against the same team in the same bowl, 6-0. Van C. Krussow, chairman of the Orange bowl schedule committee, made the announcement after catching the team by telephone at Santa Barbara, Calif.

They were enroute home from a game with Oklahoma. Choice of the Pacific Coast team's opponent hinged on the outcome of several games this week end. A possibility existed that the New Year grid classic might be a California vs Florida affair. Naturally partisan Miami sports editors said that if the University of Miami beat strong Kentucky Friday night the hurricanes might stand a chance of getting a bid. Tulane was well liked generally, but was thought to be a good Sugar bowl prospect. Other teams mentioned were Kentucky — if they win Friday—Tennessee, and the loser of the Rice-Baylor game Saturday. The winner of that game will go to the Cotton bowl.

13-Year Survey Shows ND Tops

NEW YORK, Nov. 22—(AP)—Notre Dame is the "Champion of Champions" of modern day college football. The fighting Irish beat out Michigan for the No. 1 position in an appraisal today of all the Associated Press final polls since the feature was started in 1936. The South Benders finished in the "first ten" in 11 of the 13 final standings and led three times to be recognized as the national champion. Final poll of the 1949 season is scheduled next week. They thus accumulated 67 points compared with 56 for the Wolverines, who rated the top bracket nine times but on top only last year. The same point system used in the weekly polls was employed to arrive at the all-time standings. Ten points were given for each first place, nine for the second and so forth: Minnesota, the scourge of the late '30s and early '40s, finished third. Army, which rode rampant during the war years, was fourth. Then the south, where barelegged lads played a hard brand of football, enters the picture. Alabama and Tennessee, the onetime bowl terrors, tied for fifth and sixth with 26 points, followed by Duke, Navy, Pittsburgh and Georgia in order. The polls included those from 1936 through 1948 and did not take into consideration the present standings, which Notre Dame leads with a walloping vote.

Modern Day Football Dominated by Irish

EUGENE, Nov. 22—(AP)—Likelihood that Eugene will enter the Far West Class D baseball league next year was seen today in announcement that "earnest money" for a ball park site has been paid. George E. Solberg, real estate agent, told the county commissioners that he had received the county's zoning ordinance. He asked for a permit to build a baseball park, under the county's zoning ordinance. A. A. Hadler of Oroville, Cal., is believed planning to establish a Far West franchise here if he can get a playing site. The county commissioners deferred action until they could confer with the county fair board, rumored to be considering building a ball park at the fair grounds.

Stojack Wins Over Lipscomb

Fast, rough action was the keynote as Frank Stojack gained a crowd-pleasing victory over Jack Lipscomb in the main event of Tuesday night's wrestling card in the Salem arena. Stojack's win was fashioned in two straight falls. He was awarded the first on a foul, after Lipscomb had once been declared winner of the fall. Referee Harry Elliott raised Lipscomb's arm, then Lipscomb dashed over to where Stojack was sprawled on the mat, and planted a well-aimed kick in Stojack's neck. Elliott was quick to take the fall away from Lipscomb and give it to Stojack. It didn't take Stojack long to dispose of his foe after the batlers re-entered the ring. The wrestlers had hardly worked up a sweat when Stojack grabbed Lipscomb's feet and spun the latter into the submission. The Great Atlas, a muscular hunk of manhood with a natural knack of showmanship, took the lone fall over Leo Walkick in the semi-final battle. Yaqui Kid and Buck Weaver went 30 minutes to a draw and Yaqui Joe defeated Pete Bartu in 11 minutes in other preliminary matches.

Canucks Blast Royals

VANCOUVER, B.C., Nov. 22—(CP)—A hustling Vancouver Canucks squad blasted New Westminster Royals 7-3 tonight to register their third straight Pacific Coast hockey league victory. Canucks' win consolidated their third-place position in the northern division standings, while New Westminster remained in second place.

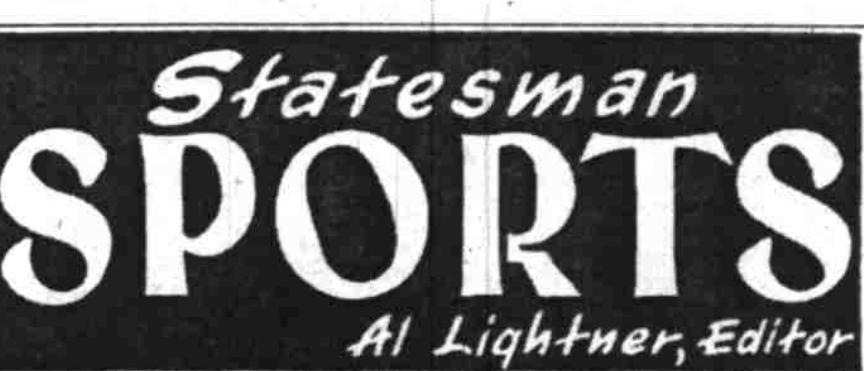

Guides at Windsor Castle Ordered to Drop 'Tall' Stories

LONDON —(INS)—Somewhat chastened guides at historic Windsor Castle are sticking reluctantly to established facts these days and their "spies" now are unvarnished history sans innuendo. Following complaints about "tall" stories told to tourists, the corps of guides has received instructions to tell the truth and nothing but the truth. The ancient ramparts no longer ring with laughter over the private lives of King Henry VIII and his many wives, and the guides are obviously unhappy. "Tours will not be nearly so interesting," said one.

Lujack's Passing Big Factor

PHILADELPHIA, Nov. 22—(AP)—The Chicago Bears broke into the Philadelphia monopoly on National Football league team statistics this week. NFL figures released today showed that the one-time big bad Bears of pro football have forged to the lead in total yards gained. They have amassed 1,574 yards on 1,359 gained on the ground and 2,184 through the air. Philadelphia's champion Eagles trail by 93 yards. Thanks to Johnny Lujack's fine pitching against Washington last Sunday, the Bears also top the circuit in passing, edging ahead of the Redskins and ace Sammy Baugh. The Bears 2,184 yards on aerials tops Washington's 2,070 and Los Angeles' 1,838. Although Charley Conerly is the leading individual passing star, the New York Giants languish fifth in team aerial standings behind Detroit.

Set for '50 SAMMY BAUGH Inks 14th Pro Pact

Ageless Baugh Signed Again

WASHINGTON, Nov. 22—(AP)—Indestructive, 34-year-old Sammy Baugh, who has been playing pro football longer than anyone in the National Football league, today signed a contract for 1950 with the Washington Redskins. As usual, there was no mention of how much Baugh will get, but it has been guessed that his salary runs around \$17,500 a year. Next season will be Baugh's 14th as a pro. Only on National football league player ever has bettered that mark. Baugh will tie the runner-up record set by Mel Hein, former Washington State college star who had 14 busy years as center for the New York Giants.

'Cats Continue Hoop Workouts

Coach John Lewis sent his Willamette hoopsters through more offensive work and fundamentals Tuesday as the 'Cats continued preparations for the campaign starter against College of Puget Sound's Loggers here Friday night, Dec. 2nd. Lewis is still working with several units as he endeavors to find the best possible combination with which to confront the Loggers. Because of repair work on the WU floor, the Bearcats will skip workouts today but will drill on the Salem high floor Friday and Saturday.

Cal Mentor Gives COP's Boost

SAN FRANCISCO, Nov. 22—(AP)—Big general Lynn (Pappy) Waldorf, whose California Bears are set for the Rose Bowl, stepped forward today to lend a hand to another undefeated, untied football team—the College of the Pacific—in its quest for a bowl game. The victorious California coach distated a telegram to the officials of the state's major bowl, not now identified. It read: "I would like to suggest the College of the Pacific to your consideration for your bowl game. They have an outstanding record. They can hold their own in the best of company. Pacific is a very colorful team with a big line, outstanding backs and a great quarterback in Eddie Le Baron. If you are able to consider them I am sure you will not regret it. I will be glad to have you call me for further information."

Stars Accept Shrine Slots

SAN FRANCISCO, Nov. 22—(AP)—Eleven football stars from the eastern half of the country have accepted invitations to play in the annual East-West Shrine charity game here, Dec. 31. Art Murakowski, 1948, All America fullback with Northwest, was among those named. Three Michigan State players selected were Lynn Chandonis, back and Ed Bogden and Don Mason, guards. University of Michigan's powerful squad will be represented by backfield men Dick Kempthorn and Walter Teninga and Purdue by Harry Szuborski, back, and Louis Karras. The others who have accepted invitations are Herb Carey, Dartmouth back; Joe Kelly, Wisconsin center; and Ernie Stautner, Boston college tackle. The balance of the full 22-man eastern squad will be announced shortly. Selections for the 22-player western team are under way.
