

Detroit, Mich., Jan. 6.—The Chrysler 1950 New Yorker four-door sedan—newly-styled with re-styled longer rear fenders, more massive bumpers, new radiator grille, better visibility from the larger rear window and powered by the 135 horsepower Spittler engine—is among new Chrysler models now displayed by dealers throughout the nation, including the Salem Automobile Co., of Salem, Ore.

Buying Leaves Grains Higher

CHICAGO, Jan. 6.—(AP)—A little last minute buying left most grains slightly higher on the board today. Wheat and soybeans rang up the best gains while corn lagged behind. Trading was slow and nothing appeared able to stir the market from its apathy. Wheat closed 1/4-1/2 higher, corn was 1/4 lower to 1/2 higher, oats were 1/4 lower to 1/2 higher, rye was unchanged to 1/2 lower, soybeans were 1/4 to 1 cent higher and lard was unchanged to 8 cents a hundred pounds lower. President Truman asked congress for laws to extend present government regulation of commodities trading. Grains already are regulated and the major item in the presidential demands as far as cereals are concerned is for government power to set margins. Currently, margins are set by the board's directors, who oppose giving the power to the government. The production and marketing administration bought 167,000 sacks of flour. Other government activity included grants of \$17,871,000 to Germany for wheat, \$4,827,000 to Austria for wheat and \$750,000 to Germany for rye. Meanwhile, the commodity credit corporation remained pretty much out of the wheat markets of the country.

Stock Buyers Selective in Friday Market

NEW YORK, Jan. 6.—(AP)—Stock traders took a highly selective approach to today's market. On the whole buyers and sellers had pretty much the same views on the matter of price. Quotations were bid up smartly, though, for a hand-picked group of issues. The president's economic message to the congress had a negligible effect on price trends. Heavy turnover developed for the third day running. Sales fell below Thursday's 2,550,000 shares but, at that, amounted to a hefty 2,010,000. Business Thursday was the largest in more than a year. Buyers were particularly interested in radio-television issues, and a few distilling, mail order and department store shares. Plane makers' issue grabbed the spotlight in the day. The Associated Press average of 50 stock advanced 1 of one point to 72.4, which marked the highest level in more than 3 years, first touched Wednesday.

Ford Watkins To Head Retail Credit Group

Ford E. Watkins, assistant manager of Salem's branch of the First National bank of Portland, Friday was elected president of the Salem Retail Credit association for 1950. Watkins, speaking before the association's board of directors, predicted that business would continue in 1950 as a result of various federal programs. He forecasts a busy year for credit men. The new president replaces Vern Livingstone, credit manager of the Dairy Cooperative, who served during 1949. Directors renamed Richard Cox, credit manager of the Keith Brown Building supply company, as vice-president.

ROME (AP)—Eleven and a half million tons of goods were unloaded in Italian ports by 1,104 ships in the first eleven months of 1949.

Jewish Group Again Elects S. Bloomberg

Saul Bloomberg was re-elected as president of the Salem Jewish congregation at the annual meeting this week in Temple Beth Shalom. Other new officers are Dave Holzman, vice president; Robert Golden, secretary; H. Shusterowitz, re-elected treasurer; Mike Steinbock, to the board of trustees. The treasurer reported that the mortgage and other outstanding obligations on the temple have been paid off in just over two years since its completion. The congregation now comprises 110 families in the central Willamette valley.

Missionary Improvements Noted in Cars Now Displayed

DETROIT, Mich., Jan. 6.—In its 1950 line, now on display in dealers' show-rooms throughout the country, Chrysler offers new styling, inside and out, including entirely new upholstery in virtually all models; the introduction of an entirely new body style available in both the six- and eight-cylinder lines officers of the company declared today. Other new features cited include improvements in the instrument panel, larger brakes on the six-cylinder models and an improved booster on the brakes of the eights; increased visibility through a rear window that has 27 percent more glass area; a slight increase in height, width and length, a wider rear tread on the sixes, and a refinement of numerous features introduced in the 1949 models. Nineteen body styles are listed and 15 standard body colors, eight of which are entirely new.

Former Prisoner As Missionary to Speak in Salem

Capt. Thore Svensson, former Salvation Army missionary in the Philippine islands and newly assigned to head the Temple corps in Portland, will preach Sunday at the Salem citadel at 11 a. m. and 7:30 p. m. Svensson, who resided in Sweden prior to his missionary work, was taken as a military prisoner by the Japanese in 1942. He was captured early, he said, but 18 other missionaries were later caught and beheaded. After his liberation, he aided the U. S. army's welfare program for natives, then returned to Stockholm and married. He and his wife were assigned to Seattle before coming to Portland.

Shingle Weavers Ask for Pensions

PORTLAND, Jan. 6.—(AP)—A \$100-month employer-financed monthly pension was asked today by the AFL Shingle Weavers' district council. A strike vote will be conducted on the issue. Delegates from four states and British Columbia voted to seek the pension, first proposed in a resolution from the Raymond, Wash., local union. They agreed to take a vote authorizing a strike, should that be necessary to press for the pension. The pension would go to retired employees 65 years of age with 20 years' service. Social security payments would be included in the \$100.

Engineering Corporation to Offer Stock

WASHINGTON, Jan. 6.—(AP)—The securities and exchange commission announced today the registration at its San Francisco regional office of new financing plans of South Pacific Engineering Corp., Portland, Ore. The company said it plans to sell 25,000 shares of no-par common stock and 5,000 shares of \$100 par preferred stock. SEC said the company stated that the securities "are offered as a speculation." The Oregon corporation was set up in December, 1948, to develop mining, industrial and other enterprises in South America, SEC reported, and since that time has become interested in acquiring and operating business properties in Oregon. The commission announced that it has scheduled a hearing January 23 on a proposal by American Power and Light Co., New York, to sell 500,000 shares of no-par common stock in Pacific Power and Light Co. The offering constitutes the entire outstanding common stock of the utility. American Power and Light has requested authority to dispose of it through a negotiated sale to a group of underwriting and investment companies.
