**Gardening Today** 

By Lillie L. Madsen in a sheltered place in the outside Rambling about the country-side in the snow this week, I no-ted a rather interesting post-even a small bit of frost occurs-Christmas use of the Christmas remove the plant to the house. Keep it in a comparatively light window and hope that it may bloom.

tree. The tree, about four feet high, had been stuck into the turf on the lawn and re-decorated. This time the decorations consisted of food for the birds. Bright bits of string tied pie-

The question came this week as to "how old should a rose get?" That, like in the place of the gardener himself, depends upon the background, the care it is given and also the care with which it is planted. A top quality rose bush, tiven a good start and good care, he rose experts will tell you, headd last from 15 to 20 years, of being an expert, I have some

ces of apple and suet, a few crusts of bread, to the which are quite some years more branches of the tree. Grains and than the allotted 20. My father smaller seeds were scattered be- planted them in 1915. And while he probably got them off to a very neath it.

"It's our birds' Christmas cars good start, I can't give him comols," the owner of the tree told me. plete credit for their longevity, for "The youngsters enjoy the tree they have been moved at least after Christmas almost as much as three times since I took over the they do during the present-giving gardening. And still they flourish. But they have been sprayed (octime. We have used our tree this way for years. Our Christmas tree casionally), fertilized (not too freburning ceremony is much later quently) and prunes (really most carefully). in the spring, when we have our If you contemplate planting ros-es this spring (and what gardener doesn't?), do take time out to plant

general clean-up." A rather nice idea, isn't it?

A bit of charcoal in the bowl where plants grow in water has about the same reviving effect as, I am told, soda drinks or tometo I am told, soda drinks or tomato hole with a good mixture-60 per juice does for the morning-after gardener himself. Anyway, the cayed cowbarn fertilizer, 15 per
