BABY SAYS: Baby can't talk, but her sitter can . . . and that's how her sitter finds spare time work, by advertising in The Oregon Statesman Classified columns, the place where people look to find help.

CIS SAYS: "Golly sakes, I read em all the time. Mom and dad bought my bike through one . . . and I sold my roller skates through one . . . and well, golly, I think every one should read 'em and .."

dry goods store is far shead of white metal half the weight of alpart of professional traders was the city girl in the qualities that uminum but several times as the news that Germany and Japan, make a good saleswoman." | strong. Its corrosion and heat re- | which have been getting their sistance are equivalent to that of wheat from this country, would be Aspinwall listed the desirable characteristics as self-confidence,

It is used in light bulbs, radio tubes and electrical appliances could supplement shortages in claimed the right to export to structural metals. This comes from knowing her

Hersch anticipates that Japanese production of titanium and titanium dioxide will not only eliminate the necessity of Japan importing 2,000 tons of titanium bear-ing iron ilmenite ore per year but will provide a surplus to bring in sorely needed foreign exchange. American taxpayers now mak-ing up the deficit in Japan's foreign trade hope so, too.

Low-Priced Stocks Jump On Saturday Titanium dioxide from which titanium is reduced is found in

NEW YORK, Jan. 7-(AP)-Low-priced stocks kicked up their heels Joseph E. Hersch of SCAP's Mining and Geology Division, in the stock market today and once again the price level curved upward.

Saturdays are frequently dull days in Wall Street. Today sales zoomed past the 1,000,000 - share mark to 1,330,000 shares, largest for any short session since May

In the last hour alone 900,000 shares changed hands. Six months ago that would have been considered good business for a full fivehour days.

At the final bell the general price level had climbed to a new peak since August 1946. Individual gains ranged from fractions to a point or so.

Cheaper stocks were odds-on favorites, a characteristic of recent markets. Many of the higher priced shares and many of the so-called pivotal stocks traded rapidly without moving far on the price scale. On the fifteen most active

stocks, only three cost more than \$15 a share. The Associated Press average of 60 stocks advanced .4 of one point to 73, tops since 74.7 was scored on Aug. 27, 1946.

Grain Prices Dip Slightly on **Board of Trade**

CHICAGO, Jan. 7-(AP)- Grains dipped on the board of trade today, ending the first week of the new year not greatly changed from their final 1949 prices. Trading proceeded at a slow pace all day with a marked absence of aggressive demand.

Everything ended lower, although for a good part of the day wheat gave a better account of itself than anything else. This was particularly true of the March contract, which was bought on expectations of increased export bus-iness next week.

Wheat ended %-% lower, corn was ½-½ lower, oats were %-% lower, rye was ½-1½ lower, soybeans were unchanged to ½ lower and lard was 2 to 10 cents a hundred pounds lower.

With the exception of corn, which was mixed, grains ended

the first 1950 week a little higher than they closed out 1949.

A little mill buying entered wheat at the start today, presumably reflecting sales of flour to do-

mestic chain bakers. No export business was reported. Causing some hesitancy on the

VIDEO MAN COMPLAINS

SEATTLE, Jan. 7 -(P)- Harvey Cassill, University of Washington Athletic Director, denied today that basketball attendance had increased while games were being televised. Les Hoffman, President of the television company, said in Los Angeles yesterday he was surpris-ed at the University's action in banning TV for the remainder of

Most of New York City's water comes from the Catskill Mountains.
