### New Hearing Device Has No Receiver Button In Ear

Chicago, Ill.—Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging on their ear. With the new almost invisible Phantomoid and Beltone you may free yourself not only from deafness, but from even the appearance of deafness. The makers of Beltone, Dept. 40, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing device in the privacy of your own home without risking a penny. Write Beltone today. —Pd. Adv.
