## Russians Free Confiscated Berlin Trucks

BERLIN, Tuesday, Feb. 21 - (AP) - The Russians kept a tight ban on shipments of metal from Berlin over the weekend, but suddenly released the confiscated trucks early this morning.

German border police said the metal cargos were freed with the trucks.

About 30 trucks had been seized since Friday, but British officials said earlier that nine of these, headed for Berlin, had been released. No explanation was given.

In addition to the truck seizures, British and American sources reported that the Russians also had taken four barges bound for Hamburg with scrap metal from Berlin.

"Their chief aim apparently is to prevent non-ferrous metals, such as lead, copper and alloys, from leaving the Soviet zone," a British spokesman said.

Observers said there appeared only two possible reasons for this:

1. That the Russian zone is suffering from a severe shortage of metal.

2. That it is a new nuisance tactic — perhaps in retaliation for west Germany's recent embargo of steel shipments to the Soviet zone.

Meanwhile, a communist organizer challenged the allied powers to bar 500,000 young communist demonstrators from west Berlin during their scheduled rally here May 27-29.

Gerhard Szerecki, chairman of the arrangements committee, said the rally would be held "in all Berlin, no matter whether tanks or roses are placed on the sector boundaries."

## Horses Need Help

DAVIS, Calif. - (AP) - Horses make a lot of their own vitamins in their digestive tract, but not enough to keep them healthy, reports Dr. Floyd Carroll, animal husbandry expert at the University of California College of Agriculture. Good feed containing B Vitamins has to supply the rest, he says.

## Boys Testify Parents Knew Of Club Ban

(Story also on page 1.)  
Their parents knew about the legal ban on high school secret societies and about Salem school board's battle against such groups, three boys testified Monday in the Salem trial involving expulsion of 18 students.

The boys said they too knew the consequences of membership in a secret society but felt the ABC to which they belonged was not illegal.

The club was started here last July at the instigation of James Switzer, a Willamette university student from Portland who belonged to an Alpha Beta Chi group there, according to testimony. The boys said their parents were in on discussions about organization from the beginning and would not have allowed their membership in illegal groups.

Defendants are Harry Scott, Edward Majek, Faye Wright, Gardner Knapp and L. J. Stewart, members of the school board; Connell C. Ward, district clerk; Frank B. Bennett, superintendent; E. A. Carleton, high school principal, and Gurnee Flesher, assistant principal and dean of boys.
