FIRST CHURCH OF GOD

Head & North Cottage
Revival Class Sunday Night, Rev. Oral Clements, Pastor

This is a landslide! It caught us unawares, and the dust has not yet settled, but here is what seems to have happened... With used-car prices verging on a tumble, we advertised a spectacular February Trade-in Offer—giving unheard-of trade-ins before the bottom actually fell out of the market. Next, the news got around that the 1950 Mercury is what mechanics call a "hot" car... that is, a car so perfectly assembled and balanced that its performance and comfort rival the highest-priced cars in the industry. To top it off, our Factory came out with a sensational NEW model of the 1950 Mercury to sell for only

2189.00

and that started the avalanche! Mercury sales are now sweeping the West like wildfire. Our volume has enabled us to boost trade-in allowances even higher. We are making a lot of small profits rather than a few big ones. And right this minute this whole February boom is at its peak! That's why we hope to see you down here within the next few hours. It will cost you nothing to hear our offer... and a powerful luxurious 1950 Mercury bought in February may actually save you many hundreds of dollars. Payments start as low as \$49 a month. Wouldn't it be worth-while to come in and talk?

down come the dollars
